# Determine the Weight and Size

## UPS Express® and Expedited Services

### Billable Weight:

#### Actual or Dimensional?

Determining which weight to use in calculating your rate requires that you determine which rule applies. Different rules apply depending on the service selected.

For UPS Express services, actual weight is the weight of the package rounded up to the next half kilogram for packages up to 20 kilograms, and to the next kilogram thereafter. For UPS Expedited, actual weight is the weight of the package rounded up to the next kilogram.

Dimensional weight considers density, which is the amount of space a package occupies in relation to its actual weight.

Billable weight is the weight used to calculate the rate. The billable weight will be the greater of the package's actual and dimensional weight.

#### Note:

Packages that exceed UPS weight and size limit are not accepted for transportation. Contact our Customer Service Representatives for details.

In instances where the shipment's weight (either actual or dimensional) computed by the UPS billing system is greater than the weight declared by you, the UPS billing system will apply such computed weight as the billable weight to determine the applicable rate for billing purposes.

#### Irregularly-shaped Packages

Measure boxes or containers that are not rectangular to determine dimensional weight and whether the package is within maximum limits.

Treat the irregularly-shaped package as if it is in a regular rectangular box.

Measure the length, width and height of the package from its extreme points.

### Step 1

#### Determine the Actual Weight:

Use a scale to determine the weight of the package. For UPS Express services, increase fractions of a weight to the next half kilogram. For package 20 kilograms and above increase fractions of a weight to the next kilogram. For UPS Expedited, increase fractions of a weight to the next kilogram.

### Step 2

#### Determine the Dimensional Weight\*:

Calculate the cubic size by multiplying the length by the width and by the height (each rounded off to the nearest whole centimetre) of each package.

Divide the cubic size of the package by 5,000 to determine the dimensional weight in kilograms. For UPS Express services, increase fractions of a weight to the next half kilogram. For package 20 kilograms and above increase fractions of a weight to the next kilogram. For UPS Expedited, increase fractions of a weight to the next kilogram.

$$\left[ \begin{array}{l} \text{Dimensional Weight} \\ \text{in Kilograms} \end{array} \right] = \frac{L \times W \times H}{5,000}$$

L = Length in centimetres

W = Width in centimetres

H = Height in centimetres

### Step 3

#### Select the Proper Zone:

Locate the appropriate zone for the shipment in the zone chart on pages 8 to 11.

### Step 4

#### Determine the Shipment Weight:

Rates for multiple-piece shipments\*\*, which include UPS Express Paks and packages shipped to a single receiver on the same day, are based on the total shipment weight of an individual shipment. This means substantial savings over single-piece rates. To determine a shipment's total billable weight, use the greater of each package's actual or dimensional weight.

#### Additional Information: Weight and Size Limits

- Maximum weight per package is 70 kg.
- Maximum length per package is 274 cm.
- Maximum size per package is 400 cm in length and girth [(2 x width) + (2 x height)] combined.
- There is no limit to the total shipment weight or number of packages in a shipment.

\* For import shipments, use the origin country unit of measure and dimensional factor to calculate the dimensional weight.

Dimensional weight applies to all international shipments except shipments using UPS Express Envelope, UPS 10 KG Box® and UPS 25 KG Box®.

\*\* Multiple-piece shipment refers to a shipment consisting of packages and/or documents sent via a single waybill number.

# Determine the Weight and Size

## UPS Worldwide Express Freight® Services

### Billable Weight:

#### Actual or Dimensional?

Determining which weight to use in calculating your rate requires that you determine which rule applies.

Actual weight is the weight of the items on the pallet and the weight of the pallet rounded up to the next kilogram.

Dimensional weight considers pallet density, which is the amount of space a pallet occupies in relation to its actual weight.

Billable weight is the weight used to calculate the rate. The billable weight will be the greater of the pallet's actual or dimensional weight. A minimal rate may apply.

#### Note:

In instances where the shipment's weight (either actual or dimensional) computed by the UPS billing system is greater than the weight declared by you, the UPS billing system will apply such computed weight as the billable weight to determine the applicable rate for billing purposes.

### Step 1

#### Determine the Actual Weight:

Actual weight is the weight of the items on the pallet and the weight of the pallet rounded up to the next kilogram.

### Step 2

#### Determine the Dimensional Weight\*:

Calculate the cubic size by multiplying the length by the width and by the height (each rounded off to the nearest whole centimetre) of each pallet.

Divide the cubic size of the pallet by 5,000 to determine the dimensional weight in kilograms. Increase fractions of a weight to the next kilogram.

$$\left[ \begin{array}{l} \text{Dimensional Weight} \\ \text{in Kilograms} \end{array} \right] = \frac{L \times W \times H}{5,000}$$

L = Length in centimetres

W = Width in centimetres

H = Height in centimetres

### Step 3

#### Determine the Billable Weight:

Compare the pallet's actual weight to the dimensional weight. The greater of the two is the billable weight and should be used to calculate the rate.

For multiple-pallet shipments, add up each pallet's billable weight to determine the shipment's billable weight.

#### Billable Weight Calculation

e.g.: A customer has a shipment of three pallets weighing 50 kg, 400 kg and 300 kg. All pallets are the same size with the following dimensions: 122 cm x 102 cm x 150 cm

#### 1. Determine the Actual Weight

Actual Weight:  
50 kg + 400 kg + 300 kg  
= 750 kg

#### 2. Determine Dimensional Weight

Pallet Dimensional Weight:  
(122 cm x 102 cm x 150 cm) / 5,000  
= 373.5 kg

Shipment Dimensional Weight:  
373.5 kg + 373.5 kg + 373.5 kg  
= 1,120.5 kg

#### 3. Determine Billable Weight

Shipment's Billable Weight:  
373.5 kg + 400 kg + 373.5 kg  
= 1,147 kg

\* For import shipments, use the origin country unit of measure and dimensional factor to calculate the dimensional weight.

For UPS 10 KG Box and UPS 25 KG Box, the shipping charges will be billed to shipper, duty and tax will be billed to receiver. Conditions and restrictions, including the UPS Terms and Conditions of Service, apply. For details, please contact our Customer Service Representatives or refer to ups.com.

\* The UPS 10 KG Box is designed to hold a maximum weight of 15 kg. The UPS 25 KG Box is designed to hold a maximum weight of 30 kg. It is not recommended that shipments sent in the respective boxes exceed the maximum weight limits.

# In some instances, shipments may be more economically charged if rated at a higher billable weight than the actual billable weight ("Deficit Weight Billing", or "DWB"). The UPS billing system will compute both amounts using the gross shipping rates and take the lower of the two before applying any customised incentives to finalise the charges. DWB is applied by default. If you encounter any billing issues due to DWB and/or wish to opt out of DWB for actual billable weight of the shipment to be charged in all instances, please contact your sales representative.

For UPS 10 KG Box and UPS 25 KG Box, the shipping charges will be billed to shipper, duty and tax will be billed to receiver. Conditions and restrictions, including the UPS Terms and Conditions of Service, apply. For details, please contact our Customer Service Representatives or refer to ups.com.

\* The UPS 10 KG Box is designed to hold a maximum weight of 15 kg. The UPS 25 KG Box is designed to hold a maximum weight of 30 kg. It is not recommended that shipments sent in the respective boxes exceed the maximum weight limits.

# In some instances, shipments may be more economically charged if rated at a higher billable weight than the actual billable weight ("Deficit Weight Billing", or "DWB"). The UPS billing system will compute both amounts using the gross shipping rates and take the lower of the two before applying any customised incentives to finalise the charges. DWB is applied by default. If you encounter any billing issues due to DWB and/or wish to opt out of DWB for actual billable weight of the shipment to be charged in all instances, please contact your sales representative.

# In some instances, shipments may be more economically charged if rated at a higher billable weight than the actual billable weight ("Deficit Weight Billing", or "DWB"). The UPS billing system will compute both amounts using the gross shipping rates and take the lower of the two before applying any customised incentives to finalise the charges. DWB is applied by default. If you encounter any billing issues due to DWB and/or wish to opt out of DWB for actual billable weight of the shipment to be charged in all instances, please contact your sales representative.

# Terms and Conditions of Service

Effective December 22, 2024

## THE RULES RELATING TO LIABILITY ESTABLISHED BY THE WARSAW CONVENTION AND ANY AMENDMENTS THERETO SHALL APPLY TO THE INTERNATIONAL CARRIAGE OF ANY SHIPMENT HEREUNDER INSOFAR AS THE SAME IS GOVERNED THEREBY.

United Parcel Service, which for purposes of these Terms and Conditions shall mean the United Parcel Service operating company in the country of departure ("UPS") is engaged in the international transportation of small shipments (including "Express Envelopes") and services incidental or additional thereto. All shipments are subject to the terms and conditions contained in the UPS Rate and Service Guide (stated at ups.com and maintained at local UPS offices), the UPS source document for each shipment, and those prescribed by the applicable law of the jurisdiction where the shipment originates.

"Shipper" refers to the party contracting with UPS for services.

Where carriage by air involves an ultimate destination or stop outside the country of origin the Warsaw Convention may apply. The rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland, on October 12, 1929, and any amendments thereto shall apply to the international carriage of any shipment insofar as the same is governed thereby. There are no stopping places agreed upon at the time of tender of the shipment, and UPS reserves the right to route the shipment in any way UPS deems appropriate. Notwithstanding any clause to the contrary, international carriage by road may be subject to the provisions of the Convention on the Contract for the International Carriage of Goods by Road signed at Geneva on May 19, 1956 and any amendments thereto ("the CMR Convention").

UPS may engage subcontractors to perform services and contracts both on its own behalf and on behalf of its servants, agents and subcontractors each of whom shall have the benefit of these terms. No such party has the authority to waive or vary any of these terms. All packages covered under a single UPS Waybill/consignment note (the "UPS Waybill") shall be considered a single shipment. A shipment may be carried via any intermediate stopping places that UPS deems appropriate.

Unless otherwise agreed in writing prior to the tender of the shipment, the service to be provided by UPS is limited to the pickup, transportation, customs clearance where applicable and delivery of the shipment. The shipper acknowledges that shipments will be consolidated with those of other shippers for transport and that UPS may not monitor the inbound and outbound movement of individual shipments at all handling centres.

## Commodities Handled and Restrictions on Service

UPS offers transportation of general commodities, as usually defined, subject to the following restrictions:

- (i) Subject to the terms and conditions relevant to UPS Worldwide Express Freight Services below, no service shall be rendered in the transportation of any packages or articles with an actual weight of more than 70 kilograms (or 150 lbs) or exceed 274 centimetres (or 108 inches) in length or a total of 400 centimetres (or 157 inches) in length and girth combined. If found in the UPS system, they are subject to one or more of the following additional charges: Over Maximum Weight, Over Maximum Length, or Over Maximum Size. UPS Worldwide Express Freight Services pallets that exceed maximum size and weight limits, as set forth (in the UPS Rate and Service Guide) at ups.com will not be accepted for transportation and will be returned to sender if found in the UPS system.
- (ii) No service shall be rendered in the transportation of any packages or articles with an actual value in excess of VND 999,999,999 per package (or the local currency equivalent); or VND 999,999,999 per pallet for UPS Worldwide Express Freight Services shipments (or the local currency equivalent).
- (iii) No service shall be rendered in the transportation of packages or pallets containing any prohibited article listed on the UPS website (ups.com), including, but not limited to, articles of unusual value (such as coins, currency, postage stamps, negotiable instruments (except checks), money orders), and dangerous goods. Refer to UPS Rate and Service Guide for more information about dangerous goods. Under applicable law, certain goods may only be transported under prescribed conditions and certain goods are prohibited from transportation by air.
- (iv) UPS does not provide a protective service for the transportation of perishable commodities or commodities requiring protection from heat or cold. Such commodities will be accepted for transportation solely at the shipper's risk for any damage arising from the transportation.
- (v) No service shall be rendered in the transportation of any shipment which is prohibited by applicable law or regulations in the origin or destination country, or which UPS may determine, in its sole discretion, to be so prohibited. Prohibited articles found in the UPS network or restricted articles not properly prepared in accordance with presiding regulations are subject to an additional prohibited item fee. UPS reserves the right in its sole and unlimited discretion to dispose, submit to authorities or return such packages to the shipper at the shipper's expense. Such charges apply in addition to all other applicable charges including all disposal fees.

# Terms and Conditions of Service

Effective December 22, 2024

## (Continued)

- (v) Each package, except for UPS Worldwide Express Freight Services shipments, if average weight per package is greater than 25 kg (55 pounds) and the weight for each package is not specified on the source document or the UPS shipping system used.

UPS reserves the right to assess the Additional Handling Charge for any package that, in UPS's sole discretion, requires special handling.

Pallets that exceed these size restrictions require prior approval from UPS and are subject to an Oversize Pallet Handling Surcharge if accepted by UPS for service.

By including the email address of the Consignee or associated addressee in PLD for a Shipment ("PLD Email Address(es)"), the Shipper acknowledges and agrees that UPS may send notifications related to the delivery of such Shipment to the Shipment's associated PLD Email Address(es) and may use such PLD Email Address(es) in accordance with the UPS Privacy Notice in effect at the time of shipping, to the extent permitted by law. The Shipper warrants that (i) informed and specific consent has been secured from the individual associated with each PLD Email Address(es) to receive notifications related to the delivery of such Shipments and for use by UPS of the PLD Email Address in accordance with the UPS Privacy Notice in effect at the time of shipping, to the extent permitted by law and that (ii) the PLD Email Address(es) is accurate and is controlled by the Consignee or associated addressee for the Shipment with which it is associated. The Shipper shall defend, indemnify and hold harmless UPS, its parent corporation, and affiliated companies, their officers, directors, employees, agents, and their successors and assigns, from and against any and all liability, losses, damages, costs and expenses (including reasonable legal fees) of any nature whatsoever incurred or suffered in connection with damages arising out of or resulting from any breach of the warranties in the previous sentence.

By using UPS Paperless Invoice service (via a UPS Automated Shipping System or any other method, including, but not limited to, an API platform or a third-party system) or any other means on a UPS Automated Shipping System to electronically generate a paperless invoice, the Shipper authorizes UPS (or any UPS affiliate) to use the information the Shipper submits electronically to facilitate the delivery, export and/or import of the Shipment, including the Shipper's letterhead and electronic signature and the data, documents, and information that the Shipper provides to generate true, correct, and paperless invoices that reflect, in all material respects, the Shipper's actual commercial invoice and the Shipper's sale transactions of merchandise to its buyers (i.e., the "Sold To" Parties) and that are necessary to expedite in accordance with law the export and customs clearance of international Shipments.

## (Continued)

The Shipper agrees to indemnify and hold harmless UPS, its parent corporation, and affiliated companies, their officers, directors, employees, and agents from any and all claims asserted and liability or losses suffered by reason of any incorrect, incomplete, or false statement contained in the data, invoices, certificates of origin or international trade documents provided by Shipper.

The Shipper shall provide to UPS in advance all required information including, but not limited to, the true and accurate price at which the merchandise was sold to the "Sold To" Party, any required additions to customs value (e.g., dutiable commissions, royalty/license fees, assists, packing costs, and proceeds of subsequent sales), the currency of the sale, country of origin, terms of sale, the quantities, ultimate Consignee, and a complete commercial description of the merchandise.

By using the service, Shipper represents and certifies that the data, documents, and information the Shipper provides is true, complete, and accurate and that the paperless invoice the Shipper prepares is, in all material respects, an electronic copy of the actual commercial invoice provided to the buyer.

The Shipper shall have an affirmative, non-delegable duty to disclose to UPS any and all required commercial invoice information, in accordance with 19 C.F.R. Part 141, Subpart F (Invoices) for shipments entering the United States and any other laws governing valuation and invoicing requirements of other countries of destination or origin, and to ensure its accuracy and completeness. In some instances, applicable laws and regulations may require the use of original invoices, certificates of origin or other international trade documents.

The Shipper acknowledges that Shipper has an affirmative and non-delegable duty to determine whether a Shipment requires an original invoice, certificate of origin, or other international trade document, and that Shipper will attach such an original document to the Shipment when required by law.

The Shipper shall maintain and produce to UPS, if requested, a copy of the original commercial invoice (between the buyer and the seller) and provide timely upload of PLD to use UPS Paperless Invoice service.

The Shipper further acknowledges that a Shipment tendered to UPS (or any UPS affiliate) using this service is also subject to the terms and conditions set forth in the effective UPS Technology Agreement, which is available at [www.ups.com](http://www.ups.com).

### Deliveries Attempted Three Times Without Extra Charge

Where applicable, if UPS is unable to complete delivery of a shipment, a notice will be left at the consignee's address stating that delivery has been attempted. Thereafter, a second, and if necessary, a third attempt to deliver the packages will be made without additional charge. For UPS Worldwide Express Freight® shipments, only one delivery attempt will be made; subsequent delivery attempts are subject to additional charges which will be charged to the consignee.

UPS may deliver a shipment to the consignee or the consignee's actual or apparent agent or representative or pursuant to consignee's instructions, to the address or location specified in the UPS shipping system, to any person present at the address or location specified in the UPS shipping system, to a reasonable alternate address or location, in accordance with trade custom or usage, pursuant to UPS's driver release procedures or delivery pursuant to UPS's Shipper Release procedures. UPS does not limit delivery of a shipment to a person specified as the consignee. UPS may use an electronic device to obtain proof of delivery and the shipper agrees that it will not object to UPS relying on a printed copy of this as evidence merely on the grounds that the information concerned is obtained and stored in electronic form.

### Special Handling of Undeliverable Shipments; Refused Shipment Returned

Shipments refused by the consignee, or which for any other reason cannot be delivered, will be held, and UPS will attempt to contact the shipper for further instructions, including return. If the return of the shipment is refused by the shipper, or the shipment cannot otherwise be returned to the shipper, UPS will retain the shipment for a reasonable period of time, to be determined at its sole discretion (not to exceed thirty days), and upon exercising reasonable commercial efforts at notifying the shipper, UPS reserves the right to deal with the shipment thereafter in any manner at its sole discretion, including but not limited to disposal of the package. The shipper will be responsible for payment of all charges, including, but not limited to, forwarding, disposal, or return transportation charges, as well as any duty and tax, if applicable. UPS will not be liable for any claims for loss or damage to a shipment refused by the shipper on return.

### Refusal and Suspension of Service

If it comes to the attention of UPS that any shipment does not meet any of the above restrictions or conditions, UPS may refuse to transport the shipment and, if carriage is in progress, UPS may suspend carriage and hold the shipment. UPS further reserves the right to deal with such a shipment in any manner in its sole discretion and solely at the shipper's risk and expense, including but not limited to, returning the shipment to the shipper, submitting the shipment to government authorities, or disposing of such shipment.

UPS also reserves the right to refuse to provide service, among other reasons, for any shipment which by reason of the character of its contents may, in the sole judgment of UPS, soil, taint, or otherwise damage other package or UPS's equipment, or which is improperly or insecurely packed or wrapped. In addition, UPS reserves the right either to refuse to provide service for any shipment or to or from any location, or to provide alternative service arrangements, when, among other reasons, UPS, in its sole discretion, deems that it is unsafe or economically or operationally impracticable to provide service.

UPS may at its option suspend transportation of any shipment if goods are found not to be acceptable for transportation for any reason whatsoever, if UPS cannot effect delivery at the third attempt to do so, if the consignee refuses to accept delivery, or if it cannot collect amounts due from the receiver on delivery. The shipper will be responsible for payment of all charges, calculated in accordance with the then current UPS rates, caused by such suspension of transportation, including, but not limited to, forwarding, disposal, or return of transportation charges as well as any duty or tax, if applicable.

The shipper will be responsible for the reasonable costs and expenses of UPS (including storage), for such losses, taxes and customs duties as UPS may suffer and for all claims made against UPS because a package does not meet any of the restrictions or conditions in the Commodities Handled and Restrictions on Service clause above or because of any refusal or suspension of carriage or return of a package by UPS pursuant to these terms.

UPS will not be liable or responsible for the loss of or damage to any shipment, the contents of which UPS is not authorized to accept, which UPS states it will not accept, or which UPS has a right to refuse. If UPS suspends service as set forth in these terms, the payer of any charges shall not be entitled to a refund. Acceptance for carriage of any package or shipment that UPS does not accept for transportation or which shippers are prohibited from shipping, does not constitute a waiver of any provisions of these terms or the terms set forth in the Rate and Service Guide, or on ups.com.

### Hold for Pickup and Hold at Location Services

At the time a shipper tenders a shipment to UPS, the shipper may request that UPS hold a domestic package at a designated UPS Customer Centre for pickup by the consignee. For each such shipment, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS Customer Centre. In addition, the shipper will apply a UPS Hold for Pickup label below the address label on the shipment. Hold for Pickup label is not available for international package shipments.

For UPS Worldwide Express Freight® shipments, the shipper may request that UPS hold a UPS Worldwide Express Freight shipment at a UPS Worldwide Express Freight Centre location for pickup by the consignee. For each such shipment, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the consignee (designated UPS Worldwide Express Freight Centre address not required).

UPS will hold the shipment at the designated UPS Customer Centre or UPS Worldwide Express Freight Centre and will attempt to contact the consignee at the telephone number shown on the label. Shipments not picked up within five (5) business days from the date of arrival will be considered undeliverable.

"UPS Worldwide Express Freight Centre" means a UPS facility where shippers may tender UPS Worldwide Express Freight Services pallets to UPS for transportation, and a consignee or other recipient may receive pallets. UPS Worldwide Express Freight Centres that are available in Asia-Pacific are listed at [ups.com](https://www.ups.com) under Global Locator section.

### Packaging

It is the responsibility of the shipper to ensure that proper packaging is used and that contents are adequately and securely packed, wrapped and cushioned for transportation. The use of UPS-provided packaging (including but not limited to materials, supplies and assistance) is not a guarantee that an item is sufficiently packaged for transportation.

When shipping certain electronic media containing sensitive personal information, it is recommended that the shipper retain a copy of the data and secure the data on the electronic media through encryption or other technological means. UPS is not liable or responsible for loss of, damage to, or irretrievability of data stored on electronic media, or loss of information.

UPS Worldwide Express Freight shipments must be palletised, stackable, able to be lifted by forklift, and shrink-wrapped or banded to a skid. Shipper must ensure that pallets and packaging comply with all applicable laws and regulations of the origin and destination country.

### Right of Inspection

UPS reserves the right, but is not required, to open and inspect any package tendered to it for transportation.

In addition, UPS is a registered shipping agent and is subjected to inspection procedures, security screening and clearing procedures by the local airport police, local border customs, aviation security and the relevant authorities in accordance with Vietnamese law, and that the civil and criminal penalties, including forfeiture and sale may be imposed for false or fraudulent statements or illegal transportation of an explosive or explosive device.

### Provisions for Customs Clearance of International Shipments

The shipper must provide required documentation for customs clearance. By providing required documentation, the shipper certifies that all statements and information relating to exportation and importation are true and correct. Furthermore, the shipper understands that UPS is a registered shipping agent operating under the law and is bound by inspection procedures, monitoring of international border customs, aviation security and the relevant authorities in accordance with Vietnamese law, and that the civil and criminal penalties, including forfeiture and sale, may be imposed for making false or fraudulent statements or illegal transportation of an explosive or explosive device. When a shipment is tendered to UPS, UPS is thereby appointed as the agent for performance of customs clearance, where applicable. UPS is specified as the nominal consignee for the purpose of designating a customs broker to perform customs clearance.

Customs penalties, storage charges, or other expenses incurred as a result of an action by customs or failure by the shipper or consignee to provide proper documentation or to obtain a required license or permit will be charged to the consignee along with any applicable duty or tax. The shipper shall be liable in the event of non-payment by the consignee. Where applicable, UPS provides brokerage service at no additional charge for routine customs clearance subject to any conditions stipulated in the effective UPS Rate and Service Guide. Additional charges may be applied for the complex clearance procedures listed in the Rate Guide.

### Rates

The effective rates are the UPS Rates published in the effective UPS Rate and Service Guide for the service selected by the shipper, which apply to the shipper and the shipment and are in effect at the time of shipping, plus any additional charges or rates for nonstandard service, additional or nonstandard usage, and any other additional charges referenced in the effective UPS Rate and Service Guide, or those applicable additional rates set out in any customised contracts. To determine the amount of any charge for UPS service, consult the effective UPS Rates, available at [ups.com](https://www.ups.com) and upon request at the local UPS office. UPS Worldwide Express Freight Services pallets that are processed as door-to-door pallet prior to drop off at a UPS Worldwide Express Freight Centre for transportation will be subject to additional fees.

The display currency for UPS rates and fees was revised from United States Dollar (USD) to Vietnamese Dong (VND) on July 12, 2020. As a result of this revision, there may be a variance of ±0.5% between the discounted rates from the published rate chart and the net charges invoiced.

### Shipping Charge Correction Audit Fee

UPS reserves the right to bill for Charges based upon the characteristics of, and services requested for, Shipments actually tendered to UPS. UPS also reserves the right to audit any Package, Shipment and/or invoice to verify service selection, dimensions, or weight, and applicability of any Charges. As part of that audit, UPS may weigh and measure any Package or Shipment tendered to UPS using any method UPS deems appropriate, including but not limited to multidimensional measuring devices. UPS may in its sole and unlimited discretion increase or adjust Charges based on the results of such audit. UPS reserves the right in its sole and unlimited discretion to bill for Charges based on shipping characteristics provided by the Shipper, regardless of whether UPS has audited the shipping characteristics. In the event that a Package's or Shipment's dimensions are altered during transit, UPS reserves the right to bill for Charges based on the altered dimensions.

An audit fee may be assessed for shipping charge corrections, as set forth in the effective UPS Rates.

### Payment

Unless paid before shipment, all charges must be paid within 7 days of receipt of invoice or within such other period as the shipper may have agreed in writing with UPS. Unless proved otherwise, an invoice shall be considered for this purpose to have been received three business days following the date of invoice.

Any payments made by UPS, including but not limited to taxes, duties or other levies, on behalf of the shipper, receiver or some other party, shall be due and payable by the shipper on demand. Notwithstanding any billing or payment option selected at the time of shipment, the shipper is ultimately liable for and agrees to pay all charges, including where the receiver or third party fails to pay any charges which they are due to pay. A late payment fee in the amount set out in UPS's invoice may be charged on any sums outstanding as of the specified payment due date. This is in addition to any legal rights and remedies available to UPS.

UPS shall have a general and continuing lien on any and all shipments for which services are being provided by UPS that come into UPS's actual or constructive possession or control for monies owed to UPS with regard to the shipment on which the lien is claimed and/or any and all prior shipment(s).

### Missing/Invalid Account Number or Refusal Fee

A processing fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be charged for a missing or invalid account number when the account number is missing or it is not the correct account number for the bill-to party, or if it is the account number for a receiver or third party who fails to pay the shipping charges. In the event of non-payment by the receiver or third party, the shipper will be billed a refusal fee plus the shipping charges.

### Interruption of Service

If UPS is unable to start or continue with carriage of the shipper's shipment for a reason beyond its control, the shipper will not be able to claim that UPS is in breach of its agreement with the shipper but UPS will take all steps that are reasonably practicable in the circumstances to commence or continue the carriage.

UPS shall not be liable for, and the UPS Service Guarantee shall not apply to, any interruption of service due to causes beyond UPS's control including, but not limited to: the unavailability or refusal of a person to accept delivery of the shipment, acts of God, natural disasters, war risks, acts of terrorism, hijacking, robbery, acts of public authorities acting with actual or apparent authority, acts or omissions of customs or similar authorities, authority of law, insufficient information provided by a customer, the application of security regulations imposed by the government or otherwise applicable to the shipment, riots, a government agency hold, strikes or other labor disputes, civil unrest, disruptions of any kind in national or local air or ground transportation networks (including, but not limited to, UPS's transportation network), pandemic, epidemic, or other public health conditions, disruption or failure of communication and information systems, and adverse weather conditions.

### UPS Service Guarantee

UPS's on-schedule delivery of shipments for certain services and destinations is supported by a money-back guarantee, as set forth in the Rate and Service Guide, Details of UPS's Service Guarantee, including its applicability and limitations, and the corresponding delivery and latest pick up time for the relevant service and destination are as set out on the UPS website (ups.com) current at the time the goods are accepted for carriage and can also be confirmed by contacting the local UPS office. Where the Service Guarantee operates, and the conditions for the Service Guarantee as set forth in the Rate and Service Guide are fulfilled, if UPS fails to attempt delivery within the applicable time period, UPS will on request, at its option, either refund or credit the shipper (or any other person who paid for the carriage) with the shipping charges (or, in the case that only some of the packages or pallet in a multiple package or pallet shipment fail to meet the applicable time limit, the proportionate part of the shipping charges relating to those packages or pallet), net of any surcharges, Value Added Tax, duties or any taxes and levies. UPS must also be notified in writing or by telephone within 15 calendar days after the scheduled delivery for all Guaranteed Service Refund claims.

The Service Guarantee does not apply where late delivery results from non-compliance with the restrictions or conditions in the Commodities Handled and Restrictions on Service clause, from the exercise of any lien by UPS in accordance with these terms, where either the Refusal and Suspension of Service clause or the Interruption of Service clause apply. The Service Guarantee does not apply to (i) packages or pallets subject to a Large Package Surcharge, Oversize Pallet Handling Surcharge or Additional Handling Charge; (ii) shipments containing any package that exceed maximum size or weight limits (iii) shipments containing any package or pallet subject to a Large Package Surcharge, Oversize Pallet Handling Surcharge, Additional Handling Charge, or that exceed maximum size or weight limits, (iv) any shipments containing International Dangerous Goods (IDG), or (v) shipments without timely upload of PLD. For UPS Worldwide Express Freight shipments, the Service Guarantee shall apply to a shipment in excess of 2 tons or 4,400 pounds only if the shipper obtained confirmation of eligibility for the Service Guarantee, prior to the tender of the shipment to UPS for service.

For the avoidance of doubt, UPS's liability under the Service Guarantee is limited to the above and the Service Guarantee does not otherwise constitute any form of undertaking or representation that the shipment will arrive by any particular time.

UPS may also cancel or suspend the UPS Service Guarantee for any service(s), and for any period of time, as determined by UPS in its sole discretion, and without prior notice.

### Billing Options

The amount billed includes, but is not limited to, shipping charges, duties and taxes, if applicable. Unless otherwise restricted in the origin or destination country, UPS provides the following selection of payer options:

Shipper guarantees payment of all charges payable to UPS by the receiver or third party designated on the waybill. For all shipments where the shipper is not paying the shipping charges, the shipper must notify the bill payer prior to shipping, and that option must be indicated on the UPS Waybill in the space provided. UPS reserves the right in its sole discretion to request advance payment of shipping charges for any package or pallet sent to or from any international destination or origin.

A Duty and Tax Forwarding Surcharge will be applied where the duties and taxes are paid by a third-party outside of or within the destination country or by the receiver.

## (Continued)

Under Vietnamese law, UPS is only liable to indemnify if it fails to do so with reasonable care and skill and UPS's liability for compensation will be determined in accordance with the laws of Vietnam.

In the event of a total loss, damage or exchange of items, UPS is obliged to indemnify: (a) in accordance with the laws of Vietnam (on the basis of actual loss, damage, or exchange occurred for the entire consignment); and (b) in all cases the liability for indemnification shall be equivalent to the minimum indemnification provided for by the laws of Vietnam relating to international postal services from time to time (at the date of publication of the terms and this condition, the minimum limit of liability equivalent to 9 SDR/kg (calculated in increments of 500 grams, fractions in 500 grams), applies to the weight of the entire shipment, with condition that the total amount of compensation is in no case less than 30 SDR/shipment, plus a refund of the service charge paid by or on behalf of the shipper of the applicable international postal service). Otherwise, UPS's liability is limited to US\$100 per shipment unless the shipper declares a higher value and pay the required fee. Specifically, the shipper may declare a value in excess of US\$100 up to the maximum allowed in their country or territory by indicating the amount in the declared value field of the UPS source document, or the UPS shipping system used, and pay additional charges.

In the event of a part (but not all) loss, damage or exchange of a postal item, UPS is obliged to indemnify: (a) in accordance with the laws of Vietnam (on the basis of loss, damage, or actual exchange occurred for the relevant portion of the shipment); and (b) in all events no more than the amount of liability for total damage as mentioned above, unless otherwise agreed by the parties.

In the event that a shipment is shipped later than the transit time committed by UPS, UPS is responsible for refunding the international postage charges paid by or on behalf of its shipper from applicable international postal service.

For the avoidance of doubt, none of the limitations of liability set forth in the preceding paragraphs shall apply to any claim related to indemnification arising out of any injury or death of any person.

The shipper may increase UPS's liability limit up to the actual value of the shipment by declaring a higher value for carriage and paying an additional charge as stated in the Rate and Service Guide. The declared value for carriage shall not exceed the actual value of the shipment or the actual value limits specified in the Commodities Handled and Restrictions on Service clause, whichever is lower.

International jewelry shipments, and shipments of unset precious stones or industrial diamonds, are subject to maximum declared value restrictions that vary by destination as set forth at [ups.com/jewelry](https://www.ups.com/jewelry).

UPS does not offer shippers' cargo insurance. Shippers desiring cargo insurance or all risk insurance should purchase such insurance from third parties.

UPS shall not be liable or responsible for loss or damage due to causes beyond UPS's control, including but not limited to: acts of God, natural disasters, war risks, acts of terrorism, hijacking, robbery, nuclear damage, acts of public authorities acting with actual or apparent authority, acts or omissions of customs or similar authorities, authority of law, the application of security regulations imposed by the government or otherwise applicable to the shipment, riots, strikes or other labor disputes, civil unrest, disruptions in national or local air or ground transportation networks (including, but not limited to, UPS's transportation network), pandemic, epidemic, or other public health conditions, disruption or failure of communication and information systems, or adverse weather conditions.

Save where applicable Convention Rules or other applicable mandatory national laws require otherwise, UPS shall not be liable for special, incidental, or consequential damages, including purely economic losses, such as the costs of any alternative means of transport, loss of profits, loss of business opportunities or loss of revenue resulting from loss of use, arising from any loss of or damage or delay to a shipment, whether or not a value has been declared as set forth above.

UPS shall not be liable for any damages arising from UPS's inability, failure or refusal to comply with a request to stop, return or re-route a shipment of a package or pallet after tender to UPS.

### Claims Procedure

All claims against UPS must be made in writing. The statute of limitations for complaints is specified as follows:

- a) 06 months, from the end of the consignment's transit time, for claims about the loss of the consignment, the delivery of the consignment being delayed compared to the announced transit time;
- b) 01 month, from the date the consignment is delivered to the consignee, for complaints about the consignment's deterioration, damage, freight rates and other matters directly related to the consignment.

In connection with any claim received by UPS within the period specified in (a), (b) above, UPS is obligated to deal with such claim in accordance with the laws of Vietnam. In connection with any claim received by UPS beyond the time limits set forth in (a), (b) above, UPS reserves the right to refuse to settle the claim and shall not be liable in connection with any such claim which UPS duly refused.

### Data Protection

The shipper agrees that UPS and other companies in the UPS group of companies worldwide, including companies in countries which may not have the same level of data protection as the country where the shipment is presented to UPS for carriage, may use any data provided by the shipper to UPS for the purposes set forth in, and subject to, the UPS Privacy Notice published on UPS's web site at <https://www.ups.com/vn/en/support/shipping-support/legal-terms-conditions/privacy-notice.page> (hereby incorporated by reference into these terms). The shipper has certain rights under the law to have access to, rectify, object to the use for direct marketing of, or delete personal data held by UPS about it.

The shipper agrees that by including the e-mail address of the consignee in PLD for a shipment, ("PLD Email Address(es)"), the shipper acknowledges and agrees that UPS may send notifications related to the delivery of such shipment to the shipment's associated PLD Email Address(es) and may use such PLD Email Address(es) in accordance with the UPS Privacy Notice. The shipper warrants that (i) informed and specific consent has been secured from the individual associated with each PLD Email Address(es) to receive notifications related to the delivery of such shipments and for use by UPS of the PLD Email Address in accordance with the UPS Privacy Notice and that (ii) the PLD Email Address(es) is accurate and is controlled by the consignee or associated addressee for the shipment. The shipper shall defend, indemnify and hold harmless UPS, its parent corporation, and affiliated companies, their officers, directors, employees, agents, and their successors and assigns, from and against any and all liabilities, losses, damages, costs and expenses (including reasonable legal fees) of any nature whatsoever incurred or suffered in connection with damages arising out of or resulting from any breach of the warranties in the previous sentence.

### Entire Agreement

All shipments are subject to the terms and conditions contained in the UPS Rate and Service Guide and set out on the UPS website ([ups.com](https://www.ups.com)). The effective UPS Rate and Service Guide and the description of UPS Services at [ups.com](https://www.ups.com), which are incorporated in the UPS Rate and Service Guide; and the UPS source document for each shipment, together comprise the complete and exclusive agreement of the parties, except as modified by any existing or future written agreement between the parties, and may not be contradicted or modified by any oral agreement.

### Severability

These terms shall apply to the fullest extent permitted by applicable law. If any part of these terms is not enforceable, this will not affect the enforceability of any other part.

### Governing Law

These terms and any contract concluded which incorporates these terms shall in all respects be governed by the laws of the country where the shipment is presented to UPS for carriage.
