

# Surge Fee

## Update: 22 September 2024

As we approach the peak season, our goal is to ensure that we can continue to meet our customers' shipping needs without compromising on the quality or timeliness of service expected from us.

Due to the anticipated increase in shipping demand, we will be implementing a Surge Fee<sup>1</sup> for any Express, Express Saver, Express Plus, Expedited, or Express Freight cross border shipments, effective September 15, 2024. This fee is subject to Fuel Surcharge and will apply based on the billable weight of the shipment.

Please note that the Surge Fee is subject to change. Shippers should continue to check the UPS.com Shipping Zones and Rates page for updates prior to tendering shipments. See below for the rates applicable per kilogram.
