## 2. DETERMINING THE RATE – SENDING SHIPMENTS

UPS shipping rates are determined by a shipment's service level, zone number, weight, content and specific additional charges.

### **How to calculate your shipment rate:**

- 1 Make sure that you are in the correct section. The sending rates in this section apply to any outbound domestic and international shipments when the shipping charges are billed to a party in the **sending country**.
- 2 Determine the billable weight.
- 3 Find the chart for the service level of your choice.
- 4 Find your shipment type in the chart (UPS Express Envelopes, documents or packages).
- 5 Look up the rate that applies to the billable weight and zone for your shipment.
- 6 Note any additional costs, including charges for optional services.

### **Important**

For inbound shipments, please ensure that the shipper records your UPS account number on the UPS shipping documents.

### **Changes to rates and additional charges**

In order to respond to evolving costs and taxes and to ensure a competitive service, UPS reserves the right to amend or introduce rates and charges. A minimum of 10 days notice will be provided.

# How to use this section

Rates in this section apply when the shipping charges are billed to a party in the **sending country**.

### Zone

To determine the zone number, see [Worldwide zones](#).

### Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package. Increase any fraction to the next half kilogram.

**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see [Additional Services & Charges](#) for more details.

UPS Express Plus shipments exceeding a certain value, as designated by European Commission regulations, will be delivered by 12.00 noon the second business day to the following European Union (EU) countries: Czech Republic, Estonia, Greece, Hungary, Lithuania, Poland, Slovak Republic and Slovenia.

For more information, contact your local UPS office.

### Tax

These rates are exclusive of tax. Where applicable, VAT will be charged at the standard rate.

### Arrange a collection

To arrange a collection please call your local UPS office on +254 720 651313.

### UPS Express Boxes

The UPS 10kg and UPS 25kg Express Box can be obtained by calling your local UPS office. Our representative can assist you with the completion of the UPS Waybill and any required export documentation.

A commercial invoice is required. The information on the invoice will be used to determine any applicable duty and/or tax charged by the destination country.

### UPS Express Envelope

For correspondence, documents and electronic media only.

### Letter weight limit

Letter rates apply for domestic and international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Domestic, import and export letters above 0.5kg and less than or equal to 5kg will be billed the document rate. Domestic, import and export letters above 5kg will be billed the package rate.

### Maximum weight

The maximum weight for an individual package is 70kg.

To determine the rate for a shipment with multiple packages weighing in total more than 70kg or multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown.

The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

### How to determine dimensional weight - for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

- L = length in cm
- W = width in cm
- H = height in cm

# How to use this section

Rates in this section apply for door-to-door shipments **within Nigeria**.

### Zone

To determine the zone number, see [Domestic zones](#).

### Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package. Increase any fraction to the next half kilogram.

**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimeter) in centimeters by 5,000. Refer to the figure at the bottom of this page. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see [Optional Services](#) for more details.

### How to determine dimensional weight\*

### How to determine dimensional weight - for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

- L = length in cm
- W = width in cm
- H = height in cm

### Tax

These rates are exclusive of tax. Where applicable, VAT will be charged at the standard rate.

### Arrange a collection

For correspondence and documents only. There is no limit on weight or number of pages you may enclose in a UPS Express Envelope.

### Maximum weight

The maximum weight for an individual package is 70kg. If you need to ship single packages in excess of 70kg please call UPS on +234-1-2713605 and +234-1-2713606.

To determine the rate for a shipment with multiple packages weighing in total more than 70kg, multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown.

The amount billed will be the result of the calculation, or the minimum rate shown, whichever is the greater.

## 3. DETERMINING THE RATE – RECEIVING SHIPMENTS

The rate for receiving a UPS shipment is determined by its service level, origin zone, weight and any additional charges.

Our rates in your local currency are fixed in advance to avoid the effects of currency fluctuations and allow you to manage your import shipping costs.

### **How to calculate your shipment rate:**

- 1** Make sure that you are in the correct section. The receiving rates in this section apply to any inbound international shipments when the shipping charges are billed to a party in the **receiving country**.
- 2** Determine the billable weight.
- 3** Find the chart for the service level of your choice.
- 4** Find your shipment type in the chart (UPS Express Envelopes, documents or packages).
- 5** Look up the rate that applies to the billable weight and zone for your shipment.
- 6** Note any additional costs, including charges for optional services.

### **Important**

For inbound shipments, please ensure that the shipper records your UPS account number on the UPS shipping documents.

### **Changes to rates and additional charges**

In order to respond to evolving costs and taxes and to ensure a competitive service, UPS reserves the right to amend or introduce rates and charges. A minimum of 10 days notice will be provided.

# How to use this section

Rates in this section apply when the shipping charges are billed to a party in the **receiving country**.

### Zone

To determine the zone number, see [Worldwide zones](#).

### Billable weight – for small package shipments

Billable weight is the weight used to calculate the rate. For domestic and international services, the billable weight will be the greater of the dimensional weight as compared to the actual weight.

### How To Calculate Billable Weight

**Determine Actual Weight:** Use any standard scale to determine the actual weight of your package. Increase any fraction to the next half kilogram.

**Determine Dimensional Weight:** Divide the cubic size of your package (length x width x height, rounding each measurement to the nearest whole centimetre) in centimetres by 5,000. Increase any fraction to the next half kilogram.

**Determine Billable Weight:** Compare the package's actual weight to its dimensional weight. The larger of the two weights is the billable weight and should be used to calculate the rate.

For multiple-package shipments, total the billable weight of all packages in the shipment.

### Additional charges

These rates are exclusive of any additional charges, such as charges for extended or remote area delivery or any optional services. Please see [Additional Services & Charges](#) for more details.

UPS Express shipments exceeding a certain value, as designated by European Commission regulations, will be delivered by 12.00 noon the second business day to the following European Union (EU) countries: Czech Republic, Estonia, Greece, Hungary, Lithuania, Poland, Slovak Republic and Slovenia.

For more information, contact your local UPS office.

### Tax

These rates are exclusive of tax. Where applicable, VAT will be charged at the standard rate.

### UPS Express Envelope

For correspondence, documents and electronic media only.

### Letter weight limit

Letter rates apply for domestic and international documents, correspondence and electronic media shipments that do not exceed 0.5 kg sent in a UPS Express® Envelope. Domestic, import and export letters above 0.5kg and less than or equal to 5kg will be billed the document rate. Domestic, import and export letters above 5kg will be billed the package rate.

### Maximum weight

The maximum weight for an individual package is 70kg.

To determine the rate for a shipment with multiple packages weighing in total more than 70kg or multiply the total weight (rounded up to the next whole kilogram) by the appropriate price per kilogram shown.

The amount billed will be the result of the calculation, or the minimum rate shown – whichever is the greater.

### How to determine dimensional weight - for small package shipments

$$\frac{L \times W \times H}{5000} = \text{Dimensional weight}$$

- L = length in cm
- W = width in cm
- H = height in cm

<sup>1</sup> Due to the extra handling required on our part and consequent potential delays in processing these shipments, UPS does not provide a money-back guarantee for them. UPS does therefore not refund the shipping charges if shipments subject to either the Additional Handling Charge or Large Package Surcharge are not delivered by the normally scheduled time.

**Note**  
All charges for our additional and optional services are shown exclusive of taxes. Where applicable, VAT will be chargeable at the standard rate.

## Money-back guarantee

For certain services and selected destinations UPS offers a free money-back guarantee on the shipping charges. To find out if it applies to your shipment, use the 'Calculate Time and Cost' tool at [www.ups.com](http://www.ups.com) and key in your shipping details. Alternatively, it can be obtained by contacting your local UPS Customer Service Centre on 01-2704989. Where the money-back guarantee operates, if we fail to attempt delivery within the applicable time period, we will, on request, refund or credit you (or any other person who paid for the carriage) with the shipping charges (or, in the case that only some of the packages in a multiple package shipment fail to meet the applicable time limit, the proportionate part of the shipping charges relating to those packages), net of any surcharges, VAT, duties, taxes or levies, provided that the following conditions are fulfilled:

- a) shipping documentation (including labels) must have been correctly completed and the relevant package must bear the paper labels produced by UPS online shipping solutions or otherwise in accordance with the UPS packaging guidelines
- b) any other documentation required by the country of origin or destination or any country of transit must be fully and accurately completed and included with the package
- c) if applicable, the package must bear a Saturday Delivery routing label (for destinations to which this service is available)

- d) the shipment must have been tendered to UPS on or before the latest collection time specified by us for guaranteed delivery
- e) you must have notified your request for claim to UPS in writing or by telephone within 15 calendar days from the date of scheduled delivery and advised us of the receiver's name and address, date of shipment, package weight and the UPS tracking number
- f) the shipment must not require additional handling, be subject to the Oversize Pallet Charge or include a Large Package.

**The guarantee does not apply when late delivery results from the package not complying with the restrictions and conditions set out in paragraph 3.1 of our Terms and Conditions of Carriage, from events beyond our control (as set out in paragraph 6 of our Terms and Conditions of Carriage) or due to any suspension of carriage or return of a package as provided for in paragraph 3.3 of our Terms and Conditions of Carriage or the exercise of any lien by UPS in accordance with our Terms and Conditions of Carriage.**

**For the avoidance of doubt, the liability of UPS under the money back guarantee is limited to the above and the guarantee does not otherwise constitute any form of undertaking or representation that the shipment will arrive by any particular time.**

## Liability

The following is a summary for information purposes of certain relevant provisions of the UPS Terms and Conditions of Carriage. The full terms prevail in case of inconsistency with the present summary.

### International Carriage:

Where carriage is international, international conventions may apply: in particular the Warsaw or Montreal Convention in the case of carriage by air and the CMR Convention in the case of carriage by road. The national laws of some countries may also extend the rules of such conventions to purely domestic carriage.

Where they apply, the rules of the Warsaw, Montreal and CMR Conventions govern and in most cases will limit our liability for loss, damage or delay to a shipment.

- the Warsaw and Montreal Convention limit is usually 19 Special Drawing Rights<sup>1</sup> (SDR's) per kilogram of the goods affected
- the CMR Convention limit is 8.33 SDR's per kilogram (but restricted to the amount of the carriage charges in the case of delay)

Where Convention Rules or other mandatory national laws do not apply, UPS will only be liable for failure to act with reasonable care and skill and its liability shall be exclusively governed by these terms and (save in the case of personal injury or death) limited to proven damages of the local currency equivalent of USD 100 per shipment, unless a higher value has been declared by the shipper.

You may obtain the benefit of a greater limit of liability by declaring a higher value for carriage on the UPS shipping documentation and paying a corresponding additional charge. If you declare a higher value for carriage and pay the applicable charge, then UPS's liability shall be limited to proven damages not exceeding the sum so declared (see under '[Optional services](#)').

The value of the goods concerned shall not in any event exceed USD 50,000 (USD 500 in the case of jewellery or watches other than costume jewellery or costume watches) or its local currency equivalent per package in a small package shipment, or USD 100,000 or its local currency equivalent per pallet in a Worldwide Express Freight shipment, as UPS does not offer carriage for goods with values above these amounts.

Except when Convention rules or other mandatory laws apply and require otherwise, we will not pay compensation for purely economic losses (such as loss of profits, loss of business opportunities or loss of revenue resulting from loss of use), even if a value has been declared for carriage in respect of the relevant shipment. We will also not be liable for any damage to or loss of packaging or pallet skids.

**Any claim against UPS must be notified to us in writing as soon as possible and also within any specific time limit set out in our terms and conditions. In certain circumstances, Convention rules (if applicable) may permit a claim to be pursued against UPS outside these periods.**

In addition to the above, any legal proceedings in respect of a shipment must be commenced and served on us within eight months of delivery or (in the case of non-delivery) of the due date for delivery. If the Warsaw, Montreal or CMR Conventions apply, there are longer time limits for the commencement of legal proceedings: in summary, 2 years in the case of the Warsaw and Montreal Conventions and 1 year (3 years if there is wilful misconduct on UPS's part) in the case of the CMR Convention.

<sup>1</sup> A Special Drawing Right is a unit of account adopted by the International Monetary Fund. The current value of an SDR is regularly published in major financial newspapers.
