Service Description

UPS® WORLDWIDE ECONOMY

UPS® Worldwide Economy is a differentiated low-cost, contract-only e-commerce solution for non-urgent cross border shipments. This service operates by utilizing a vendor network, which offers two delivery options for international shipments:

DDP (Delivered Duties Paid):

- Duties and taxes are paid by the shipper on their UPS invoice
- Packages up to 66lbs

DDU (Delivered Duties Unpaid):

- Duties and taxes are collected at the time of delivery from the consignee
- Packages up to 1056 ounces (66lbs)

UPS® Worldwide Economy service involves the manifesting of international shipments to many destination countries. This is an End-to-End Service with UPS pickup and last mile delivery by a network of trusted UPS partners.

Pickup & Dropoff Options

Customers have the option to tender loose shipments to UPS for pickup or drop off shipments to the export site. If a customer chooses to self-deliver or drop ship Worldwide Economy packages to the export site outside of the UPS network, the Worldwide Economy shipments must be containerized in a pallet or gaylord.

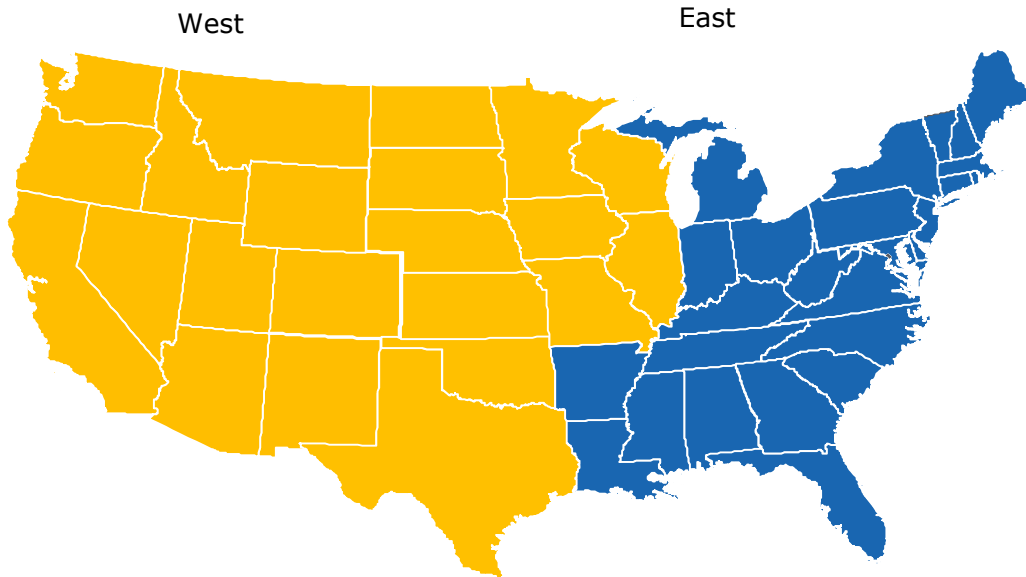

Delivery

Worldwide Economy DDP shipments will be tendered to trusted delivery providers within the country of destination for delivery to the consignee address.

Worldwide Economy DDU shipments will be tendered to the destination's local postal authorities for delivery to the consignee address.
