Then, attach the C.O.D. tag to the package, covering the address label. Retain the "Shipper Receipt" portion for your records.

A UPS C.O.D. tag must be attached to each package for which a C.O.D. amount is to be collected.

#### Declared Value for Carriage

#### UPS Exchange Collect<sup>SM</sup>

Our alternative to an international C.O.D., UPS Exchange Collect offers a fast, simple payment alternative for international trade. This contract-only international service streamlines payment for goods with this process:

1. Importer and exporter agree to purchase and sale terms and specify UPS Exchange Collect for financial settlement.
2. The exporter ships the goods by UPS. UPS notifies the importer that a shipment is in transit and payment must be made before delivery. The notification includes UPS bank account and routing instructions.

3. The importer instructs their bank to wire transfer payment to the UPS bank account. UPS will not accept cash, checks, credit cards, PayPal or Western Union money/wire transfers.

4. After UPS receives payment, the shipment is delivered to the importer.

5. Upon verification of delivery, UPS remits funds to the exporter.

For information on origin and destination countries where UPS Exchange Collect services are available, please call 1-800-782-7892 or visit ups.com.

#### UPS World Ease<sup>SM</sup>

A contract service for companies with shipments to multiple consignees in a single country on the same day. This service also provides a solution for shipments destined to multiple consignees within the European Union.

Through an automated shipment preparation process, summary documentation is prepared and transmitted with your shipments to UPS, enabling a single customs-clearance procedure covering all shipments in the consolidation. This guaranteed service is a feature of UPS Worldwide Express, UPS Worldwide Expedited<sup>SM</sup> and UPS Standard To Canada.

As multiple shipments will travel together until customs clearance, transit times may vary from traditional single-shipment transit times. Call 1-800-782-7892 for more information.

\*May vary at retail locations.

# Determine the Weight and Size

## For All Shipments

- **Shipping rates** are based on package weight and size (explained below and on the following pages) and origin-to-destination distance (see page 13 for Domestic and page 48 for Export).
- **Actual weight** is the package weight rounded up to the next full pound.
- **Dimensional weight** reflects package density, which is the amount of space a package occupies in relation to its actual weight. Calculations of dimensional weight are based on the International Air Transport Association (IATA) volumetric standards (subject to change without notice). Dimensional weight may apply to UPS Next Day Air<sup>®</sup> Early A.M.<sup>®</sup>, UPS Next Day Air<sup>®</sup>, UPS Next Day Air Saver<sup>®</sup>, UPS 2nd Day Air A.M.<sup>®</sup>, UPS 2nd Day Air<sup>®</sup>, UPS 3 Day Select<sup>SM</sup>, UPS Worldwide Express Plus<sup>SM</sup>, UPS Worldwide Express<sup>SM</sup> and UPS Worldwide Expedited<sup>SM</sup>.
- **Billable weight** is the weight used to calculate the rate.

- **Irregularly Shaped Packages:** Measure boxes or containers that are not rectangular to determine the package measurements and whether the package is within maximum limits. Treat the irregularly shaped package as if it were in a regular rectangular box. Measure the length, width and height of the package from its extreme points.

- **Items Shipped in Bags:**
  - Shape* - When multiple items are shipped in a flexible container (e.g., burlap or plastic bag), the package measurements will be determined when the exterior is at rest. As this shape will differ from placement to placement, cubic size or package measurements will be at the sole discretion of UPS. For domestic and

international services, the billable weight will be the greater of the dimensional or oversize weight as compared to the actual weight.

*Tails* - A tail on an item shipped in a bag should be measured for the amount of space it takes up in a reasonably compressed fashion. Any tail that is created by placing an item in a bag must be compressed and taped to the body of the item.

- **Packages that exceed UPS weight and size limits are not accepted for transportation.** If found in the UPS system, they are subject to an Over Maximum Limits charge. See page 72 or 73 for details. For Maximum Weight service restrictions, see page 74.
- **Follow the instructions on the following pages to determine the billable weight for your shipments.**
  - For Domestic Air, International Air and UPS 3 Day Select, see page 10.
  - For UPS Ground and UPS Standard To Canada, see page 11.

# Determine the Weight and Size

## Domestic Air, International Air and UPS 3 Day Select<sup>SM</sup>

### 1. Determine actual weight.

Use any standard scale and round up any fraction of a pound to the next full pound.

### 2. Determine dimensional weight.

Multiply the package length by the width by the height. For each measurement, round any fraction to the nearest whole number (for example 1.00 to 1.49 will be considered 1, and 1.50 to 1.99 will be considered 2). The result is the cubic size.

#### - For domestic shipments:

Divide the cubic size by 194 to determine dimensional weight in pounds. Increase any fraction to the next pound.

#### - For international shipments:

Divide the cubic size by 166 if measured in inches, or by 6,000 if measured in centimeters, to determine the dimensional weight. To convert metric measurements into pounds, multiply the result by 2.20465. Increase any fraction to the next pound.

### 3. Determine billable weight.

Compare the package's actual weight to the dimensional weight. The greater of the two is the billable weight and should be used to calculate the rate.

#### - For domestic shipments:

Determine if Large Package rules apply.

A package shipped using a UPS Air Service or UPS 3 Day Select is considered a "Large Package" when its length plus girth [(2 x width) + (2 x height)] combined exceeds 130 inches, but does not exceed the maximum UPS size of 165 inches.

Large Packages are subject to a minimum billable rate of \$130.00. A Large Package Surcharge of \$45.00 will apply. An Additional Handling Charge will not be assessed when a Large Package Surcharge is applied. After calculating the rate of the package, compare the rate to the minimum billable rate, and apply the greater of the two.

## Domestic

$$\text{Dimensional Weight} = \frac{L \times W \times H}{194}$$

L = Length in inches  
W = Width in inches  
H = Height in inches

## International

$$\left[ \begin{array}{l} \text{Dimensional Weight} \\ \text{in Pounds} \end{array} \right] = \frac{L \times W \times H}{166}$$

L = Length in inches  
W = Width in inches  
H = Height in inches

$$\left[ \begin{array}{l} \text{Dimensional Weight} \\ \text{in Kilograms} \end{array} \right] = \frac{L \times W \times H}{6,000}$$

L = Length in centimeters  
W = Width in centimeters  
H = Height in centimeters

**Note:** For a multiple-package international shipment, add the result for all of the packages together. The total is the cubic size of the shipment. (If you are using a UPS Shipping Record book, each international package is considered a separate shipment for billing purposes.)

# Determine the Weight and Size

## UPS Ground and UPS Standard To Canada

### 1. Determine package measurements.

$\text{Length} + (2 \times \text{Width}) + (2 \times \text{Height})$

- Measure the length of the package and round any fraction to the nearest whole inch (for example, 1.00" to 1.49" will be considered 1 inch, and 1.50" to 1.99" will be considered 2 inches).
- Determine girth:
  - Measure the width of the package, round to the nearest whole inch and multiply by two.
  - Measure the height of the package, round to the nearest whole inch and multiply by two.
- Add the measurements together.

**Length** is the longest side of a package or object.

**Girth** is defined as  $(2 \times \text{Width}) + (2 \times \text{Height})$ .

### 2. Weigh the package to obtain its actual weight.

### 3. Use the chart below to determine whether Oversize rules apply.

If Oversize rules apply, use the billable weight in the chart below to calculate the rate. If not, use the actual weight to calculate the rate.

	Package Measurements	Actual Package Weight	Billable Package Weight
<b>Oversize 1 (OS1)</b>	- Greater than 84 inches and not more than 108 inches	- Less than 30 pounds	- 30 pounds
<b>Oversize 2 (OS2)</b>	- Greater than 108 inches and not more than 130 inches	- Less than 70 pounds	- 70 pounds
<b>Oversize 3 (OS3)</b>	- Greater than 130 inches and not more than 165 inches	- Less than 90 pounds for UPS Ground - Less than 150 pounds for UPS Standard To Canada	- 90 pounds for UPS Ground (a Large Package Surcharge will be applied; see below) - 150 pounds for UPS Standard To Canada (a Large Package Surcharge does not apply)

### Large Package Surcharge

A Large Package Surcharge of \$45.00 will be applied to all domestic UPS Ground packages when the package measurements exceed 130 inches in length and girth  $[(2 \times \text{width}) + (2 \times \text{height})]$  combined, but do not exceed the maximum UPS size of 165 inches. An Additional Handling Charge will not be assessed when a Large Package Surcharge is applied.

**Note:** For multiple-package UPS Standard To Canada shipments, the minimum charge will be based on an average weight of 15 pounds per package.

# Determine the Rate

## DOMESTIC AND EXPORT

To determine the rate for domestic and international shipments:

1. Choose the service option (see pages 4 and 5 for Domestic and page 7 for Export).
2. Compute the billable weight (see pages 9 to 11).
3. Look up the shipping zone.
4. Calculate the rate using the rate charts in this guide:
  - Go to the pages listing the rates for the service option you've selected (Domestic rate charts begin on page 14; Export, page 61).
  - Match the billable weight to the appropriate zone. Any fraction of a pound more than the weight shown in the rate chart requires the next higher rate.
  - Add surcharges if special options or value-added services are selected (see pages 46 and 47 for Domestic; page 71 for Export).

**Example:**

For a UPS Next Day Air® Early A.M.® shipment weighing 40 pounds where the destination zone is 104, the rate would be \$148.00.

## UPS Next Day Air® Early A.M.®

# Export Shipment Pricing

## UPS Worldwide Express Plus<sup>SM</sup>, UPS Worldwide Express<sup>SM</sup>, UPS Worldwide Expedited<sup>SM</sup> and UPS Standard To Canada

Shipment pricing is advantageous because rates are based on the total weight of a shipment, not the sum of the rates for each package in a shipment.

### What Qualifies

1. You have multiple-package shipments picked up on the same day and shipped to a single consignee.
2. You use a UPS Worldwide Services Waybill.

### What Does Not Qualify

Shipment pricing does not apply to Express Envelopes, the UPS 10 Kg Box<sup>®</sup>, the UPS 25 Kg Box<sup>®</sup> or packages recorded in a UPS Shipping Record book; they are each considered separate shipments.

### Rates

Rates are based on the total actual weight or the total dimensional weight (total actual weight or total billable weight if Standard To Canada service is used) of all packages in a shipment,

whichever is greater. Refer to pages 9 to 11 for instructions on calculating dimensional and billable weight.

For shipments weighing 150 pounds or less, locate the rate for the total weight of the shipment on the appropriate rate chart.

For shipments weighing more than 150 pounds, multiply the total weight (rounded to the next whole pound) by the appropriate price per pound. The amount billed will be the result of this calculation or the minimum rate shown, whichever is greater.

For a Standard To Canada shipment, the minimum charge for a multiple-package shipment will be based on an average weight of 15 pounds per package.

### Refusal of Service

UPS reserves the right to refuse to provide service, among other reasons, for any package that by reason of the dangerous or other character of its contents may, in the sole judgment of UPS, soil, taint or otherwise damage other packages or UPS's equipment, or that is improperly or insecurely packed or wrapped. Any such liability to The UPS Store location is subject to the limitations set forth in the UPS Tariff and these Terms and Conditions of Service. All inquiries regarding packages shipped via any The UPS Store location must be directed to The UPS Store location that shipped the package. Even if UPS responds directly to customers of a The UPS Store location regarding tracking requests, UPS will not be liable to those customers. The UPS Store locations are solely responsible for the issuance of any refunds and claims to those who shipped packages via The UPS Store location. The UPS Store locations agree not to ship any articles which UPS does not accept for transportation. The UPS Store locations shall indemnify and hold harmless UPS in any action against UPS arising from the loss, damage or delay of a package shipped via that The UPS Store location.

### Authorized Shipping Outlets/ Third-Party Retailers

UPS Authorized Shipping Outlets (referred to within this paragraph as "Third-Party Retailers") are independently owned and operated businesses and are not agents of UPS. UPS assumes no liability other than to the Third-Party Retailer, as the shipper of the package, for lost, damaged or delayed shipments sent via the Third-Party Retailer. Any such liability to the Third-Party Retailer is subject to the limitations set forth in the UPS Tariff and these Terms and Conditions of Service. All inquiries regarding packages shipped via Third-Party Retailers must be directed to the Third-Party Retailer. UPS will deal solely with the Third-Party Retailer in all matters concerning packages shipped via a Third-Party Retailer, including, but not

limited to: tracking/tracing requests; claims and guarantees; C.O.D. preparation and remittance; return of undeliverable packages and Express Envelopes; proper packaging and labeling; and billing. Even if UPS responds directly to Third-Party Retailer customers regarding tracking requests, UPS will not be liable to those customers. Third-Party Retailers are solely responsible for the issuance of any refunds and claims to those who shipped packages via the Third-Party Retailer. The Third-Party Retailer agrees not to ship any articles which UPS does not accept for transportation. Third-Party Retailers shall indemnify and hold harmless UPS in any action against UPS arising from the loss, damage or delay of a package shipped via a Third-Party Retailer.

### Provisions for Customs Clearance of International Packages

The shipper must provide required documentation for export and customs clearance. By providing required documentation, the shipper certifies that all statements and information relating to exportation and importation are true and correct. Furthermore, the shipper understands that civil and criminal penalties, including forfeiture and sale, may be imposed for making false or fraudulent statements, or for violating U.S. laws on exportation (see e.g., 13 U.S.C. § 305, 15 U.S.C. § 1592, 22 U.S.C. § 401, 18 U.S.C. § 1001 and 50 U.S.C. App. 2410).

When a shipment is tendered to UPS, UPS is thereby appointed as the agent for performance of customs clearance, where allowed by law. UPS is specified as the nominal consignee for the purpose of designating a customs broker to perform customs clearance. Local authorities may require documentation confirming that UPS has been designated as the nominal consignee.

Customs penalties, storage charges or other expenses incurred as a result of an action by customs or failure by the shipper or consignee to provide proper documentation or to obtain a required license or permit will be charged to the consignee along with any applicable duty and tax. However, the shipper is liable for all charges in the event of non-payment by the consignee. UPS provides brokerage

In the event a Shipper's Export Declaration (S.E.D.) is required and is not included with the export documents provided by the shipper, UPS will prepare an S.E.D., using the information on the UPS Waybill or other export documentation, on behalf of the shipper to facilitate export. A processing fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed and billed to the shipper.

Unless otherwise restricted for the destination country, the shipper may elect to pay duty and tax, or duty only, by showing such instructions on the export documentation and on the UPS Waybill. These options are available only to shippers with a UPS account. An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed. These services are not available if any or all of the shipping charges are billed to the consignee, or if a consignee chooses a broker other than UPS Supply Chain Solutions brokerage offices (formerly UPS Customhouse Brokerage offices) designated by UPS for handling small package customs clearance. Other UPS Supply Chain Solutions customs brokerage offices charge fees for clearance of small packages and freight.

*\*Delivery of UPS Air Services and International Packages only.*

In the event UPS fails to attempt delivery within the time published on the UPS website, or as provided when 1-800-PICK-UPS® is called, UPS, at its option, will either credit or refund the transportation charges for each such package to the payer only, upon request, subject to the following conditions. This is the sole remedy available under the UPS Service Guarantee.

- (a) UPS’s guaranteed delivery schedule has been obtained by referencing UPS’s website or contacting a UPS Customer Service office. “On-time” means, subject to the terms of this UPS Service Guarantee, delivery is attempted within the UPS-guaranteed delivery schedule.
- (b) Each package is properly recorded on a UPS source document or in a UPS automated shipping system.
- (c) Each package in a shipment bears the appropriate UPS tracking label and an address label, or a combined label generated by a UPS automated shipping system, showing the consignee’s correct name, deliverable address

(UPS does not provide delivery to a P.O. box) and ZIP Code (or postal code for international shipments). In addition, UPS reserves the right, in its sole discretion, to refuse to honor a request for a credit or refund of transportation charges for a package when that package is not accompanied by a smart label and timely Package Level Detail (PLD) information, as defined in the UPS Tariff, at the time the package is tendered to UPS.

- (d) Each UPS 2nd Day Air A.M. package is addressed to a commercial, not residential, address. A residential delivery is defined as provided in the UPS Tariff and in this service guide.
- (e) Each package in a shipment bears a UPS Saturday Delivery routing label when optional Saturday service is requested and available.
- (f) Each package in a shipment is tendered to UPS during UPS’s published business hours. Packages received from or destined to certain locations may require earlier pickup times (available at the UPS website) to meet delivery time commitments.
- (g) UPS is notified in writing or by telephone of a service failure within fifteen (15) calendar days from the date of scheduled delivery and is advised of the consignee’s name and address, date of shipment, package weight and UPS tracking number.
- (h) For UPS Worldwide Expedited shipments, the guarantee shall apply only to shipments originating in, or destined for, the United States, and when the billed party is resident in the United States and is responsible for all shipping charges.

Under no circumstances shall UPS be liable for any special, incidental or consequential damages, including, but not limited to, damages arising from delayed delivery or failure to attempt delivery in accordance with the UPS Service Guarantee. Under no circumstances shall UPS be liable for any damages whatsoever for delayed delivery, except as specifically provided for shipments made under the UPS Service Guarantee.

The guarantee does not apply to UPS shipments that are delayed due to causes beyond UPS’s control, including but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment; acts of God; acts of public authorities acting with actual or apparent authority; acts or omissions of customs or similar authorities; insufficient information provided by a customer; Hazardous Materials packages improperly offered for transport; the application of security regulations imposed by the government, or otherwise applicable to the shipment; riots, strikes or other labor disputes; civil unrest; disruptions in air or ground transportation networks; and natural disasters.

UPS reserves the right to refuse any request for a credit or refund when such request is either (a) made by, or (b) based on information obtained by, a party other than the payer of the shipping charges.

The guarantee does not apply to UPS commercial and residential Ground shipments or UPS Standard To Canada shipments that are picked up or scheduled to be delivered between December 12 and December 24.

In addition, except for UPS Next Day Air Early A.M. and UPS Worldwide Express Plus deliveries, the guarantee for on-schedule delivery for all other Air and International service shipments delivered within the United States will be extended for 90 minutes on the Day after Thanksgiving Day and on December 18 through December 24.

### **Deliveries Attempted Three Times without Extra Charge**

If UPS is unable to complete delivery of a package, a notice will be left at the consignee’s address stating that delivery has been attempted. Thereafter, a second and, if necessary, a third attempt to deliver the package will be made without additional charge.

### **Delivery Change Requests**

UPS may honor a request that UPS reroute a package to a consignee other than the consignee identified on a source document, or in the UPS automated shipping system for the package after tender of the package to UPS. UPS will honor such a request

# Terms and Conditions

where practicable, and where the shipper has guaranteed payment of any applicable charges resulting from the change.

## Shipper Release

A shipper may request that UPS release a package on the first delivery attempt. Shipper Release will be provided by UPS subject to the effective UPS Terms and Conditions of Service. When Shipper Release is selected, the shipper acknowledges and agrees that UPS will make only one delivery attempt, that a signature will not be obtained upon delivery, and that a UPS delivery record showing a completed Shipper Release delivery shall be conclusive proof that delivery was completed. Shipper Release is provided solely at the shipper's risk of loss or damage arising from the release of the package by UPS, and UPS will not be liable to shippers or third parties for any damages arising from the release of the package. Shipper Release is not available for packages having a value of more than \$999.00 (U.S.).

## Special Handling of Undeliverable Packages

Domestic packages refused by the consignee, or which cannot be delivered due to any other cause beyond UPS's control, will be returned to the shipper at shipper's expense. A package returned to the shipper after delivery is subject to applicable Charges. The UPS Service Guarantee does not apply to undeliverable packages returned to the shipper.

International shipments refused by the consignee, or which for any other reason cannot be delivered, will be held, and UPS will attempt to contact the shipper for further instructions. The shipper will be responsible for payment of all charges, including, but not limited to, forwarding, disposal or return transportation charges, as well as any duty and tax, if applicable.

## Interruption of Service

UPS shall not be liable for any interruption of service due to causes beyond its control, including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the shipment; acts of God; acts of public authorities acting with actual or apparent authority; acts or omissions of customs or similar authorities; insufficient information provided by a customer; Hazardous Materials packages improperly offered for transport;

the application of security regulations imposed by the government, or otherwise applicable to the shipment; riots, strikes or other labor disputes; civil unrest; disruptions in air or ground transportation networks; and natural disasters.

## UPS Rates

The applicable UPS Rates are determined on the basis of package and shipper characteristics, and are therefore subject to change. Shippers who have a UPS daily pickup account and/or a customized shipping agreement with UPS will receive Daily Rates. Daily Rates are also available upon request to shippers who receive On-Demand Rates and have multiple shipping accounts at a location with a UPS daily pickup account and/or sustained shipping revenue of at least \$105.00 each week for a consecutive six-month period. Shippers not eligible for Daily Rates will be subject to higher On-Demand Rates.

Shippers who receive Daily Rates, but no longer meet criteria to qualify for Daily Rates, will be charged On-Demand Rates without further notice from UPS. Shippers receiving On-Demand Rates who believe that they may qualify for Daily Rates based on a change in their package and shipper characteristics must contact UPS in order to be considered for Daily Rates. Upon request, UPS will then determine whether the shipper is eligible for Daily Rates, in UPS's discretion. Any rate changes will be applied prospectively only, and shippers will not be entitled to any refunds or credits for charges or rates previously assessed, even if the shipper was previously eligible for Daily Rates.

Daily and On-Demand Rates do not apply to shippers located in Alaska or Hawaii. Shippers located in Alaska and Hawaii are subject to the UPS Rates published in the effective *UPS Rate and Service Guide* in effect at the time of shipping.

All shippers who process and pay for shipment of packages at The UPS Store or UPS Customer Centers will be subject to Retail Rates. Shippers who bring packages to a location of The UPS Store or UPS Customer Centers that are processed and billed to a UPS account or processed and billed through ups.com will receive their applicable Daily Rates or On-Demand Rates, respectively.

If a shipper selects a UPS service to a destination for which only a higher level of service is available, UPS will substitute the next higher level of available service and will charge the corresponding rate for the substituted service.

UPS may refer to the "UPS Express Envelope" and the "UPS Letter" interchangeably. The Letter rate applies only to shipments sent in UPS Express Envelope or UPS Letter packaging.

## Billing Options for Domestic Shipments

Unless otherwise agreed to in writing by UPS, shipping charges will be billed to the shipper.

UPS accepts shipments for Collect billing and Third-Party billing provided the consignee or third party has a valid UPS account number and has agreed to accept the charges.

A processing fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be charged for a missing or invalid account number when either Collect billing or Third-Party billing has been selected on the source document or in a UPS automated shipping system. An account number is invalid if it is the wrong account number for the bill-to party or if it is the account number for a consignee or third party who fails to pay the shipping charges. In the event of non-payment by the consignee or third party, the charges will be billed to the shipper. Regardless of the billing option selected, some charges, including, but not limited to, address correction charges, will be billed to the shipper.

## Billing Options for International Shipments

The amount billed includes, but is not limited to, shipping charges, duties and taxes, if applicable. Unless otherwise restricted in the origin or destination country, UPS provides the following billing options:

- (a) Prepaid – The shipper pays all shipping charges, and the consignee pays duty/tax/V.A.T., if applicable.
- (b) Freight Collect – The consignee pays shipping charges and duty/tax/V.A.T., if applicable.
- (c) FOB – The shipper pays shipping charges to the port of export, and the consignee pays the balance.

- (d) C&F – The shipper pays shipping charges to the port of import, and the consignee pays the balance.
- (e) Delivered Duty Paid, V.A.T. Unpaid – The shipper pays all shipping charges and the destination country's duty, if applicable. The consignee pays the balance, such as V.A.T.
- (f) Bill Duty, Tax and Shipping Charges to Shipper (Free Domicile) – The shipper pays the destination country's duty and tax, if applicable, in addition to all shipping charges.
- (g) Third-Party Prepaid – The third party pays shipping charges and the receiver pays duty/tax/V.A.T., if applicable.
- (h) Third-Party Freight Collect – The third party pays shipping charges and duty/tax/V.A.T., if applicable. For U.S. shippers, the shipping charges and duty/tax/V.A.T. can be billed to third parties via the Free Domicile billing option. An additional surcharge may be applied when selecting the Free Domicile billing option.

UPS reserves the right in its sole discretion to request advance payment of shipping charges for any package sent to any international destination.

For all shipments where the shipper is not paying the shipping charges, the shipper must notify the bill payer prior to shipping. The shipper is liable for payment in the event of non-payment by the consignee or a third party. All shipments must have a valid UPS billing option indicated on the waybill. Regardless of the billing option selected, some charges, including, but not limited to, address correction charges, will be billed to the shipper.

#### Disbursement Fee

In order to expedite customs clearance, UPS may process payments of duties and taxes on behalf of the payer as dictated by the billing option selected. A Disbursement Fee of two percent of the amount processed (minimum fee of \$5.00) will be assessed and billed to the payer.

#### Currency Conversion Rate

Charges to a payer's account in a foreign currency will be converted to the payer's currency using a weekly exchange rate secured through Major Money Center Banks, plus an exchange fee, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping.

#### Payment of Charges

For purposes of this section, the term "Charges" means all applicable transportation and other charges, including, but not limited to, all applicable accessorial charges, surcharges, additional handling charges and late payment fees.

UPS's payment terms require payment of all Charges within seven (7) days after receipt of the UPS bill. The UPS Tariff contains provisions for a late payment fee on past due balances (including, without limitation, any previously assessed but unpaid late payment fees), and the shipper agrees to pay such late payment fees as may be assessed by UPS. The UPS Tariff also contains provisions for a fee that may be imposed if any negotiable instrument submitted to UPS as payment for Charges is returned to UPS unpaid or if any electronic request for payment is dishonored.

Notwithstanding any billing or payment option selected at the time of shipment, the shipper is ultimately liable for and agrees to pay all Charges, including in the event of insolvency, bankruptcy, non-payment or refusal to pay by the consignee or third party.

UPS reserves the right to bill for Charges based upon the characteristics of, and services requested for, packages actually tendered to UPS. UPS reserves the right to audit invoices to verify service selection; package or shipment weight; applicability of any Charges; and to make appropriate adjustments. If Charges are paid for by credit card, the shipper expressly authorizes UPS to assess any Charges and to obtain payment of the Charges by use of the credit card. The UPS Tariff contains provisions for a fee that will be imposed for any credit card transaction that is declined or rejected for any reason.

If a shipper submits package information to UPS (through an automated shipping system, source document or UPS Internet Shipping) and does not subsequently tender such package to UPS, it is the shipper's sole responsibility to request an adjustment. Shippers who fail to do so will be liable for all applicable Charges.

Shippers requesting an invoice adjustment (e.g., adjustment based on an incorrect rate, billable weight, account number or type of service, etc.) or a refund due to a duplicate payment must notify UPS of the

request within 180 days after receiving the contested bill. A partial payment against an invoice is not considered a request for an invoice adjustment.

#### Residential Delivery

A residential delivery is defined as delivery to a location that is a home, including a business operating out of a home that does not have an entrance open to the public.

### **UPS Returns<sup>SM</sup> on the Web**

UPS Returns on the Web service is a contractual service initiated by a merchant's end-users. The end-user starts the process via the merchant's website. After the end-user completes a return form, the program generates a return authorization code and package-tracking number, which are coded onto a return label that is transferred to the end-user via their web browser. End-users can then print and affix the label to the package they wish to return. The UPS Returns on the Web solution can also be used by phone representatives at the merchant site. Upon delivery, the shipper is billed according to the terms in the contract. The value limit per package for the web-browser Return Label, UPS Returns on the Web Print Return Label, Print and Mail Return Label, and 1 UPS Pickup Attempt services is \$1,000.00 (U.S.). UPS Returns on the Web service is not available for Hazardous Materials packages requiring shipping papers.

The value limit per package for UPS Returns on the Web 3 UPS Pickup Attempts is \$50,000.00 (U.S.).

### **C.O.D. Packages**

C.O.D. means, for all purposes, Collect On Delivery. UPS accepts C.O.D. packages for delivery throughout the United States and Puerto Rico.

#### *Preparation and Listing of C.O.D.*

**Packages:** C.O.D.s are accepted for amounts up to \$50,000.00 (U.S.) per package. Shippers not using a UPS automated shipping system must prepare and attach to each C.O.D. package a UPS C.O.D. tag showing the amount to be collected and must enter such amount on the UPS source document in the space provided for that purpose. Each package in a UPS Hundredweight C.O.D. shipment must carry a C.O.D. tag for the goods contained in that package.

Shippers using a UPS automated shipping system will generate, and apply to each C.O.D. package, a system-generated address label with a C.O.D. bar code and the amount to be collected for each individual package.

**Responsibility for C.O.D.s:** Upon delivery of each C.O.D. package, UPS will attempt to collect the amount shown on the C.O.D. tag or the system-generated label attached to the package and transmit to the shipper the amount so collected (subject to the provisions of UPS Tariff Item 485), or, if collection cannot be made, will return the package to the shipper. The shipper must notify UPS within forty-five (45) days from the date of shipment of a C.O.D. shipment if the shipper has not received payment of the C.O.D. amount, or any claim relating thereto shall be deemed waived.

If collection cannot be made within three (3) delivery attempts or the consignee refuses delivery, UPS will return the package to the shipper.

#### *Consignee's Checks in Payment of*

**C.O.D.s:** Unless instructions to collect a cashier's check or money order only are shown on the C.O.D. tag (in conformity with the instructions on the tag) or system-generated label, UPS will accept a check or other negotiable instrument issued by or on behalf of the consignee. When instructions to collect a cashier's check or money order only are clearly indicated on the C.O.D. tag or system-generated label, UPS reserves the right to accept a cashier's check, a money order, an official bank check or other similar instrument issued by or on behalf of the consignee. All checks or other negotiable instruments (including cashier's checks, official bank checks, money orders and other similar instruments) tendered in payment of C.O.D.s will be accepted by UPS based solely upon the shipper assuming all risk relating thereto, including, but not limited to, risk of non-payment, insufficient funds and forgery, and UPS shall not be liable upon any such instrument. All checks or other negotiable instruments (including cashier's checks, official bank checks, money orders and other similar instruments) will be transmitted to the shipper together with UPS's own check if consignee check(s) collected are for less than the C.O.D. amount. Remittances (checks, money orders, etc.) received that are less than the C.O.D. dollar amount indicated by the shipper

will be reimbursed for the full amount unless the variance of the amount remitted is less than \$1.00 (U.S.).

Payment for any C.O.D. package of \$10,000.00 or more must be received in a single check or other negotiable instrument such as a cashier's check, money order, official bank check or other similar instrument.

In the event that UPS accepts a personal or company check when a shipper has properly instructed UPS to collect a cashier's check or money order only, UPS reserves the right, in its sole discretion, to deposit into a UPS account the personal or company check collected and to provide the shipper with a check issued by UPS.

In the event that a shipper timely notifies UPS that it has not received payment of the C.O.D. amount, if UPS's records show that it collected a C.O.D. payment and the remittance has not been cashed, UPS may, in its sole discretion, provide the shipper with a digital image of the check or money order along with a C.O.D. Remittance Verification in order to assist the shipper in locating the missing C.O.D. payment. If the shipper is still unable to locate the C.O.D. payment, UPS may, in its sole discretion, provide the shipper with an indemnified C.O.D. check or money order, which is a digital image of the original payment collected by UPS at the time of delivery and can be deposited in a bank, provided that the original check or money order has not previously been deposited or negotiated. If the indemnified check or money order turns out to be invalid for any reason, including, but not limited to, insufficient funds or forgery, UPS shall not be liable upon the instrument.

C.O.D. packages with an amount to be collected in excess of \$500.00 (U.S.) will not be accepted for transportation via a UPS Drop Box.

Entry of a C.O.D. amount is not a declaration of value for purposes of purchasing declared value protection against loss or damage. Payment of the C.O.D. charge does not constitute payment of the declared value charge.

# Terms and Conditions

**Currency in Payment of C.O.D.s:** UPS will not accept currency in any amount for payment of C.O.D. shipments.

**Charges for C.O.D. Collections:** An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each C.O.D. received for collection.

As with all packages, UPS will not be liable for any special, incidental or consequential damages for C.O.D. packages.

## Weekly Service Charge

When daily pickup service is requested, a weekly service charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be applied. UPS will call upon each UPS daily pickup service shipping account once each business day to pick up packages for delivery to all points served without a special pickup request. UPS may not call upon a UPS daily pickup service shipping account on any day in which the account indicates that there are no packages available for pickup.

The weekly service charge is based on a daily pickup account's weekly billing total, as reflected in the UPS billing system. The weekly billing total may not necessarily reflect all packages tendered during a calendar week.

The charges are as follows:

– \$0.00 to \$14.99 .....	\$16.00
– \$15.00 to \$59.99 .....	\$11.00
– \$60.00 or more in weekly billed revenue .....	\$ 7.00

## Saturday Pickup

The shipper should contact UPS for information regarding UPS's Saturday pickup area. UPS Air Services shipments picked up on Saturday

receive the same delivery commitment as UPS Air Services shipments picked up on Friday. Saturday pickup service is provided by the following methods:

- (a) A shipper may request Saturday pickup by contacting a UPS Customer Service office on each Saturday, excluding holidays, that the service is needed.
- (b) At the shipper's option, UPS will call at the shipper's premises every Saturday, excluding holidays, to pick up qualifying shipments. A service charge will be assessed if UPS calls at the shipper's premises on Saturday and there are no packages to be picked up on that day.

An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each UPS Air Services package or UPS Hundredweight Air Services shipment tendered to UPS on Saturday.

## Saturday Delivery

UPS offers optional Saturday delivery of UPS Next Day Air Early A.M., UPS Next Day Air, and UPS 2nd Day Air packages and UPS Hundredweight Next Day Air and UPS Hundredweight 2nd Day Air shipments, where such services are available. The shipper should contact UPS for information regarding UPS's Saturday delivery area. A Saturday Delivery routing label, provided by UPS, must be attached to each package.

The shipper may request optional Saturday delivery of UPS Worldwide Express Plus shipments (subject to value limits) and UPS Worldwide Express shipments to specific locations in Canada, Germany and the United Kingdom by indicating the selection of this option on the UPS source document or in a UPS automated shipping system and by attaching a Saturday Delivery routing label provided by UPS to each package.

Optional Saturday delivery of UPS Worldwide Express Plus and UPS Worldwide Express shipments from specific locations in designated countries

to specific locations in the United States may be requested by indicating the selection of this option on the UPS source document for each shipment.

An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each UPS Next Day Air Early A.M., UPS Next Day Air, UPS 2nd Day Air package and for each UPS Worldwide Express Plus and UPS Worldwide Express shipment received for Saturday delivery. This charge is billed to the payer of the transportation charges.

## Hold for Pickup Service

The shipper may request UPS to hold a domestic package at a designated UPS Customer Center for pickup by the consignee. For each such package, the shipper will complete an address label showing the words "Hold for Pickup," the consignee's name, telephone number, the name of a contact person, and the full address of the designated UPS Customer Center. In addition, the shipper will apply a UPS Hold for Pickup label below the address label on the package.

UPS will hold the package at the designated UPS Customer Center and will attempt to contact the consignee at the telephone number shown on the label. Before releasing any package to a consignee or other recipient, UPS reserves the right to require sufficient verification as determined by UPS in its sole discretion of the recipient's name, address, authorization to receive the package, or any other information UPS deems necessary to release the package in its sole discretion. Recipients picking up packages addressed to a business may be required to provide identification issued by the business and a government-issued identification. Packages not picked up within five (5) business days from the date of arrival will be returned to the shipper at the shipper's expense.

### **UPS Next Day Air Early A.M. Verbal Confirmation of Delivery**

The shipper may request optional Verbal Confirmation of Delivery when shipping via UPS Next Day Air Early A.M. Verbal Confirmation of Delivery is not available in Hawaii. When this service is selected, UPS will call the shipper to confirm delivery on the day of delivery. An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each Verbal Confirmation of Delivery request and will be billed to the payer of the transportation charges.

### **Invalid UPS Next Day Air Early A.M. Shipment Charge**

UPS reserves the right to assess a charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, for each UPS Next Day Air Early A.M. package shipped to a destination outside the UPS Next Day Air Early A.M. service area.

### **UPS Next Day Air and UPS 2nd Day Air Charges**

For Next Day Air services, there is no weight limit for Express Envelopes containing correspondence, urgent documents and electronic media. When a Next Day Air service is selected, Express Envelopes containing items other than those listed above are subject to the corresponding rates for the applicable weight. The shipper agrees to comply with the requirements of the Private Express Statutes when using UPS 2nd Day Air A.M. and UPS 2nd Day Air services. For UPS 2nd Day Air services, Express Envelopes weighing one (1) pound or more are subject to the corresponding rates for the applicable weight.

### **Delivery Confirmation Services**

*Delivery Confirmation* – At the time a shipper tenders a domestic package to UPS, the shipper may request Delivery Confirmation Service by indicating Delivery Confirmation on the UPS Shipping Record book or in a UPS

automated shipping system. Each Delivery Confirmation response will include the date of delivery and either the name of the recipient or the disposition of the package; or, in the event of a return, the response will indicate the reason for the return and the date processed. An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for each such response. All responses will be consolidated and provided to the shipper in printed or electronic format.

#### *Delivery Confirmation Signature Required (domestic and international)* –

A shipper may request UPS to obtain the recipient's signature and to include it on the Delivery Confirmation response. In such case, an additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed.

#### *Delivery Confirmation Adult Signature Required (domestic and international)* –

A shipper may request UPS to obtain the signature of an adult 21 years of age or older and to include it in the Delivery Confirmation response. An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed. UPS, in its sole discretion, will determine if delivery can be completed when such a request is made, and may request photo identification indicating the recipient's age, before completing delivery. The shipper must use a UPS automated shipping system to initiate a request for this service.

### **Proof of Delivery (P.O.D.)**

Upon request, UPS will provide proof of delivery of a shipment via facsimile (fax) transmission or mail. The request must include a fax number, including area code, for an operating fax machine or an address deliverable by the United States Postal Service. UPS reserves the right to assess the shipper an additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, for each successfully transmitted or mailed P.O.D.

### **Additional Handling Charge**

An Additional Handling charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, may be assessed for the transportation of the following:

- Any article that is encased in an outside shipping container made of metal or wood.
- Any item, such as a barrel, drum, pail or tire, that is not fully encased in a corrugated cardboard shipping container.
- Any package with the longest side exceeding 60 inches or its second-longest side exceeding 30 inches.
- An Additional Handling charge will not be assessed to packages qualifying for a Large Package Surcharge.

UPS also reserves the right to assess the Additional Handling charge for any package that, in UPS's sole discretion, requires special handling.

### **Large Package**

A package shipped using UPS Ground, UPS Air Services or UPS 3 Day Select is considered a "Large Package" when the package measurements exceed 130 inches in length and girth [(2 x width) + (2 x height)] combined, and are equal to or less than 165 inches.

A Large Package Surcharge (LPS) of \$45.00 will be applied to each UPS Ground, UPS Air Services and UPS 3 Day Select package, including Hundredweight, that meets the following criteria:

- The size of the package exceeds 130 inches in length and girth [(2 x width) + (2 x height)] combined, and/or
- The package is identified as OS3

The rate for a Large Package shipped using UPS Air Services or UPS 3 Day Select will be based on the greater of the dimensional weight or the actual weight and is subject to a minimum billable rate of \$130.00.

LPS will not apply to Authorized Return Service UPS Ground packages.

Each Large Package in a UPS Ground, UPS Air Services or UPS 3 Day Select multi-piece shipment may receive an LPS.

# Terms and Conditions

## Address Correction Charge

If UPS is unable to deliver any package as addressed by the shipper, or if the package has an incorrect or incomplete address (examples include, but are not limited to, P.O. boxes, missing suite, apartment or unit numbers, old addresses and missing/incorrect ZIP Codes), UPS will determine and make reasonable efforts to secure the correct or complete address. An address validated by UPS may be incorrect or incomplete for purposes of completing delivery, and may be corrected by UPS. If the correct or complete address is secured, UPS will attempt delivery, and the shipper will be provided with the correct or complete address in order to update its internal records. An additional charge, set forth in the UPS Rates applicable to the shipment in effect at the time of shipping, will be assessed for an address correction.

## Manual Processing

UPS reserves the right to assess a manual processing charge of \$0.50 per package or \$35.00 per week (whichever is greater) on shippers who ship packages via a UPS shipping system that applies outdated UPS Rates until such time as the shipper upgrades the UPS shipping system to reflect current UPS Rates.

## Fuel Surcharge

UPS reserves the right to institute a fuel surcharge on some or all shipments without prior notice. This surcharge may apply to any domestic or international transportation or other charges, including, but not limited to, any accessorial charge or surcharge. This surcharge will be applied to such services and for such periods as UPS, in its sole discretion, may determine necessary. The current fuel surcharge is described at [ups.com](http://ups.com).

## Tracking/Tracing or Refund Request Charge

UPS reserves the right to assess the shipper a \$3.00 charge per request for package-tracking, package-tracing, or shipping-charge refund, subject to the following conditions:

- This charge will not be assessed for the first 50 package-tracking requests per

calendar week, or for a quantity of package-tracking requests equal to or less than 20 percent of the shipper's package volume for that week, whichever is greater.

- This charge will not be assessed for a quantity of package-tracing requests equal to or less than two percent of the shipper's package volume for that week.
- This charge may be assessed for shipping-charge refund requests when the shipment in question was actually delivered in accordance with the UPS Service Guarantee.

## Limitations of Liability

Each UPS domestic package or international shipment is automatically protected by UPS against loss or damage up to a value of \$100.00 (U.S.). Unless a greater value is recorded in the declared value field of the UPS source document or the UPS shipping system used, the shipper agrees that the released value of each domestic package or international shipment is no greater than \$100.00 (U.S.), which is a reasonable value under the circumstances surrounding the transportation, and that UPS shall not be liable for more than \$100.00 for each domestic package or international shipment.

UPS's maximum liability per domestic package or international shipment, shall not exceed the lesser of: (1) \$100.00 (U.S.), (2) the lesser of the purchase price paid by the consignee (where the property involved has been sold to the consignee), the actual cost, or the replacement cost of the property at the time and place of loss or damage, or (3) the cost of repair of damaged property. If additional protection is desired, the shipper may declare a value in excess of \$100.00 (U.S.) by showing a value in excess of \$100.00 (U.S.) in the declared value field of the UPS source document or the UPS shipping system used. An additional charge as set forth in the UPS Rates in effect at the time of shipping will be assessed. UPS does not offer shippers' cargo insurance. Shippers desiring cargo insurance or all risk insurance should purchase such

insurance from third parties. Shippers cannot declare a value for UPS Prepaid Letters.

UPS will not be liable for or responsible for loss or damage to: articles of unusual value (as defined in Item 460 of the UPS Tariff); Prepaid Letters; perishable commodities or commodities requiring protection from heat or cold to the extent the loss or damage results from exposure to heat or cold or the perishable nature of the item; loss or damage due to war risks, insects, moths, vermin, inherent vice (including, but not limited to, improper, inadequate or unsafe packaging or wrapping that fails to meet UPS's published standards related thereto set forth in the UPS Tariff or elsewhere), deterioration, dampness of atmosphere, extreme of temperature, ordinary wear and tear or that which occurred or arose prior to or after the course of transportation by UPS; and special, incidental or consequential damages. Additionally, UPS will not be liable for any damages related to providing, or the failure to provide, C.O.D. service, including, but not limited to: failure to collect the C.O.D. amount; failure to collect the specified form of payment; collection of an instrument in the wrong amount; failure or delay in delivering the collected instrument to the shipper; or collection of forged, insufficient funds or otherwise invalid instruments.

Where a value has been declared and the applicable charges paid, UPS's maximum liability shall not exceed the lesser of: (1) the declared value on the UPS source document or UPS shipping system used, (2) the lesser of the purchase price paid by the consignee (where the property involved has been sold to the consignee), the actual cost, or the replacement cost of the property lost or damaged, at the time and place of loss or damage, (3) the cost of repair of damaged property, (4) \$50,000.00 (U.S.) per package, except for: (i) packages shipped via a UPS Drop Box, in which case UPS's maximum liability shall be \$500.00 (U.S.) per package, (ii) packages shipped as a result of a request for service

made through the Internet by a shipper who has a UPS Internet Shipping account only, in which case UPS's maximum liability shall be \$5,000.00 (U.S.) per package, (iii) packages returned via Print Return Label, Print and Mail Return Label, Electronic Return Label or 1 UPS Pickup Attempt Return Service, in which case UPS's maximum liability shall be \$1,000.00 (U.S.) per package, and (iv) packages for which Shipper Release is selected, in which case UPS's maximum liability shall be \$999.00 per package, or (5) \$500.00 (U.S.) for packages containing jewelry (not including costume jewelry) shipped via UPS international service.

Claims for loss of, or damage to, the shipper's property must be filed with UPS. For domestic shipments, claims not made within nine (9) months after delivery of the package or, in the case of non-delivery, within nine (9) months after a reasonable time for delivery has elapsed, shall be deemed waived. For international shipments, claims not made within sixty (60) days after delivery of the package, or in the case of non-delivery, within sixty (60) days after a reasonable time for delivery has elapsed, shall be deemed waived.

The rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland, on October 12, 1929, and any amendments thereto shall apply to the international carriage of any shipment insofar as the same is governed thereby. There are no stopping places which are agreed upon at the time of tender of the shipment, and UPS reserves the right to route the shipment in any way UPS deems appropriate.

In no event shall UPS be liable for any special, incidental or consequential damages.

UPS will not be liable or responsible for the loss of or damage to any package, the contents of which UPS is not authorized to accept, which UPS states that it will not accept, or which UPS has a right to refuse.

Any declared value in excess of the maximums allowed in the applicable UPS Tariff or service guide is null and void. Acceptance for carriage of any package or shipment bearing a declared value in excess of the allowed maximums specified in the applicable UPS Tariff or service guide, or of any package or shipment that UPS does not accept for transportation or which shippers are prohibited from shipping, does not constitute a waiver of any provisions of the UPS Tariff or service guide limiting UPS's liability or responsibility for any such package or shipment.

UPS shall not be liable for any damages arising from UPS's inability, failure or refusal to comply with a request to stop, return or re-route shipment of a package after tender to UPS.

#### **UPS Tariff**

All shipments are subject to the terms and conditions contained in the UPS Tariff, which is available at UPS locations and can be found at [ups.com](http://ups.com). UPS may engage subcontractors to perform transportation and incidental services and contracts on its own behalf and on behalf of its servants, agents and subcontractors, each of whom shall have the benefit of the Terms and Conditions set forth in this service guide and in the UPS Tariff. No such party has authority to waive or vary any of these Terms and Conditions.

The UPS Tariff; the effective UPS service guide and the description of UPS services at [ups.com](http://ups.com), which are incorporated in the UPS Tariff; and the UPS source document for each shipment, together comprise the complete and exclusive agreement of the parties, except as modified by any existing or future written agreement between the parties, and may not be contradicted or modified by any oral agreement.
