

# UPS Worldwide Express Freight™

## When your international freight can't wait

Parts for new models or seasonal surges you can anticipate, but stock-outs, recall campaigns and the impact of natural disasters can create unexpected disruptions to business. When you need guaranteed delivery of your time-sensitive shipments, UPS Worldwide Express Freight can help you respond faster with day-definite, door-to-door delivery in 37 origin and 41 destination countries and territories.

We leverage our air network — one of the world's largest — along with over 80 years of customs clearance experience, and offices in more than 60 countries, to keep your supply chain moving despite inevitable challenges.

- One or two business days to the U.S. from Asia Pacific, Europe and the Americas\*
- One or two business days from Hong Kong to the U.S., Asia Pacific, Europe and Canada\*
- Two or three business days to Europe from Asia Pacific, the U.S. and the Americas\*

## The simplicity of one

From OEMs to parts suppliers, UPS Worldwide Express Freight gives you the simplicity of one point of contact, one account number, one invoice and one tracking system for both packages and freight, whether you're facing a big launch or a big surprise.

\*Based on a comparison of published city-to-city time-in-transit information. Delivery times may vary by origin and destination postal code. Please go to [ups.com](https://www.ups.com)® for guarantee details, service availability and delivery time commitments.
