Any fraction of a kilogram more than the weight shown requires the next higher rate.

## Weight and Size Limits

- Maximum weight per package is 70 kilograms.
- Maximum length per package is 207 centimeters.
- Maximum size per package is 330 centimeters in length and girth combined.
- Rates are based on the total actual weight or the total dimensional weight of a shipment, whichever is greater.

## How to Determine the Weight

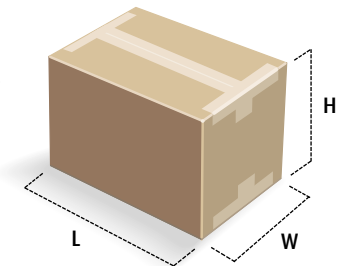

Rates are based on the total actual weight or the total dimensional weight of all packages in a shipment, whichever is greater. Dimensional weight is determined by using the International Air Transport Association (IATA) volumetric standard, which is subject to change without notice.

### Dimensional Weight:

- Multiply the length by the width by the height (each rounded to the nearest whole inch) of each package. For a multiple piece shipment, add the results for all the packages together. The total is the cubic size of the shipment.

$$\text{Dimensional Weight} = \frac{L \times W \times H}{6,000}$$

- L = Length in centimeters
- W = Width in centimeters
- H = Height in centimeters

- Divide the cubic size of the shipment by 6,000 to determine the dimensional weight in kilograms. Increase fractions of a weight to the next full kilogram. If the resulting dimensional weight is larger than the actual weight of the shipment, use the dimensional weight to calculate the rate. Record both in the UPS Waybill.
- Dimensional Weight applies for UPS Worldwide Express PAK, Box, and Tube.

## Shipment Pricing

- Multiple-package shipments to a single consignee on the same day listed in a single UPS Waybill.
- Shipment pricing does not apply to UPS Express Envelopes and UPS Express PAKs.
- To determine the rate for a shipment weighing more than 31.5 kilograms, multiply the total weight (rounded to the next whole kilogram) by the appropriate price per kilogram as shown under the shipment weight designations above 31.5 kilograms. The amount billed will be the result of this calculation or the Minimum Rate shown, whichever is greater.

### Additional Charges

These additional charges apply to import and export shipments.

- UPS reserves the right to institute a fuel surcharge on all shipments without prior notice.
- For each address correction an additional charge of US\$8.50 per correction will apply with a maximum of US\$35.00 per shipment.
- For each Free Domicile shipment UPS will charge the shipper US\$15.50.
- Each package is automatically protected against loss or damage up to US\$100.00. For each shipment with a declared value over US\$100.00, US\$0.35 will be charged for each additional US\$100.00 or fraction thereof.
- In the event the intended receiver of a Freight Collect shipment refuses to pay the Freight Collect amount, a processing fee of US\$10.50 will be assessed and billed to the shipper, as well as any other costs incurred for the return.
- For any shipment to an Extended Area, UPS will charge US\$20.00 per shipment or US\$0.45 per kilogram, whichever is greater.
- A US\$6.00 charge per package will be assessed for Freight Collect shipments with a missing or invalid account number. Additionally, if the consignee fails to pay the shipping charges, the original shipper will be billed the shipping charge.

### Proof of Delivery

**Adult Signature Required:** The driver will require the signature of an adult 18/21 years of age or older at time of delivery. If no adult is available, UPS will make a second or third delivery attempt. Indirect deliveries or "deliver to" notes will not be accepted. A US\$3.00 charge per shipment will be assessed. An adult signature is required when shipping international special products such as tobacco and/or alcohol.

**Signature Required:** When the customer selects this service, the driver will require a signature in order to complete the delivery. A US\$2.50 charge per shipment will be assessed.
